ROMANCE TRAIL FOLLOWED FOR CLUE TO DEATH

Murder of Former University Student Probed By Police

Chicago, Nov. 26.—A trail of romance revealing affairs with married women and including a platonic friendship with a clergyman's daughter, was followed by police today in their inquiry into the baffling death of Freeman Louis Tracy, skilled technician, shot to death in an automobile as it speeded through the University of Chicago campus early Sunday.

Evidence of a union labor dispute also was given some credence in sifting all possible evidence.

Considerable significance was attached to a letter from a married woman, who wished to continue her correspondence with Tracy despite her marriage. Another note, whose author was not known, arranged a secret meeting in Evanston.

Tracy was educating himself to be an electrical engineer. He matriculated at the University of Chicago last March, but discontinued his studies because of financial necessities.

The body, huddled on the street in front of a fraternity house, was found by Dudley Lyndon, University student, returning from a fraternity dance. It was evident that the body had been hurled from a speeding automobile. A trail of blood along the street to the place where the body was found, with a bullet hole through the head, showed the speed at which the murder car was moving.

Tracy attended a dance in Chicago Saturday night. Police are seeking his girl companion, if one was with him that night.

The murdered boy, although only 23 years old, held a position at \$800 a month with the Commonwealth Edison Electric Company. He was an ardent union worker, police learned.

Despite the fact that he had an artificial leg, he was said to have been a good dancer and a social favorite because of his winning personality.

LOWERED FREIGHT RATES ARE SOUGHT BY CONGRESSMAN

Washington, Nov. 26.—Legislation to insure lower freight rates and to deal with the coal situation were placed at the head of the legislative program for the approaching session of congress by Representative William J. Graham of Illinois.

Representative Graham is a candidate for the Republican floor leadership. "If congress does not make every reasonable effort to consider these matters," he said, "a lot of people in the country are going to ask why."

Mr. Graham said he had heard suggestions that only the necessary appropriation bills ought to be acted upon and congress then should adjourn. He is opposed to any such plan. He said:

"The people are complaining bitterly about the coal situation. This is particularly acute in the industrial and New England states. The agricultural parts of the country demand lowered freight rates. The people largely believe high freight rates are caused by section 15-a of the Esch-Cummings transportation act of 1920.

"Both the coal situation and the railroad rate question require legislative action. If congress sits down and does nothing except pass its appropriation bills, it confesses incompetency to deal with these questions. Congress should consider them. We should find out whether by legislative action we can not help the coal situation. So far as section 15-a of the transportation act is concerned the great railroad systems of the country now are attacking the constitutionality of the part of it they do not like, the recapture clause, in the courts, and demanding that congress keep its hands off the part of it they do like.

"It seems to me, especially in view of this condition, that the whole section ought to be gone into to see what effect it is having on railroad rates."

JOHNSON TO OPEN CAMPAIGN

Cleveland, Nov. 26.—State Senator Bender announced after a conference with Senator Hiram Johnson of California, who has announced himself a candidate for the Republican nomination for the presidency, that Johnson may be in Cleveland about the middle of December for conference with Ohio supporters of the California senator. It is planned to have Johnson address a mass meeting here.

SEEK TO STOP SMUGGLING OF RUM BY TREATY

U. S. and Canada Open Negotiations for Liquor Understanding

Washington, Nov. 26.—Proposals of the American government for a treaty with Canada to stop liquor smuggling by land and sea between the two countries calls for reciprocal arrangements for the extradition of persons accused of violating the liquor laws and various measures governing the clearance of ships, the Treasury Department announced today in making public the agenda of the United States Canadian conference which opens at Ottawa tomorrow.

Assistant Secretary of the Treasury McKenzie Moss, chairman of the American commission appointed to negotiate a treaty with Canada on rum smuggling left for Ottawa today with other members of the commission.

FIRE LOSS REACHES \$100,000 AT SOUTH CHARLESTON, OHIO

South Charleston, Nov. 26.—Fires believed to have been started by an incendiary destroyed a dozen buildings on farms owned by Thomas Mattinson, Selma pike, west of here early this morning, with a loss of \$100,000 partially covered by insurance.

The blaze on the Mattinson homestead farm was discovered at one o'clock this morning by a passerby. One mile away, flames were seen issuing from the large barn on another farm owned by Mattinson. Neighbors saved the homestead, while more out buildings burst in flames and were destroyed. The fires started in haystacks and their simultaneous occurrence leads to the incendiary theory. Sixteen hogs, a number of sheep, grain, hay and farm implements were destroyed. Deputy sheriffs are searching for the fire bug.

Hope Of Life Given Stricken Child On Birthday

Camden, N. J., Nov. 26.—The prayer of little Helen Hamilton that she might live to enjoy her thirteenth birthday has been answered. Helen, who is suffering from an incurable heart ailment, was thirteen today, and happily, her condition was better than it has been in many days.

Propped up in bed the child thrilled over the gifts showered upon her. Presents, many from distant cities, were piled high about her. The candles on her birthday cake—the child's inspiration to live during recent weeks—were lighted.

A Philadelphia heart specialist believing he was bringing the greatest gift of all—his prediction that the child might be cured and live a number of years.

"But I don't want to live if I must suffer so. However, God's will, not mine, must be done," Helen said.

Helen attracted nation-wide attention two weeks ago when, at the point of death, she, with her widowed mother, was evicted from the one room hotel in which she lived. Her landlady insisted the sick girl was a bother. Physicians said to move the girl would cause instant death. But the child survived.

Since then gifts have come from

NEW ENGLAND IS SWEEPED BY STORMS

Boston, Mass., Nov. 26.—Many cities and towns in central and western Massachusetts, Connecticut, Vermont and northern New York, were practically isolated today by heavy snows. Telephone communication was tied up and highways blocked. Several hundred automobiles were stalled in snow drifts.

A foot of snow covers the Mohawk trail. In many places the snow drifted into ten foot banks.

ALLEGED MEMBER OF MURDER GANG ARRESTED IN OHIO

Cleveland, Nov. 26.—Barlow M. Diamond, of Brooklyn, charged with being a fugitive from justice, was due back in New York today, following his arrest in Hotel Statler last night by Detectives Thomas Martin and Stephen Donahue of New York homicide squad, assisted by Cleveland officers. Diamond, it was said by the New York officers, was wanted there for alleged complicity in the murder of two bank messengers, William S. Barlow and William H. McLaughlin in Brooklyn, Nov. 14.

The messengers were shot down as they left the Fifty Fifth street and Utrecht avenue elevated station and three bandits escaped in a stolen auto with \$43,000 in cash.

Diamond it was said, by police here arrived in Cleveland, Friday and had been trailed by an orgy of spending. He was reported to have boasted to a chorus girl that he was a member of a "stickup gang."

SHOT BY BANDITS

Columbus, Nov. 26.—When he resisted two negro bandits, who held up the M. E. G. restaurant, Christ George, the proprietor, was shot through the left hand. The bandits escaped after rifling the cash register of \$150. Two negro bandits also held up the grocery of J. L. Harper, rifled the cash drawers and made their escape.

CONGRESSIONAL INVESTIGATION MAY BE FORCED

Untermeyer Declares Comptroller Should Serve Out His Term In Jail

Washington, Nov. 26.—President Coolidge has ordered Attorney General Daugherty to make a thorough investigation of the legal aspects of the sentencing of Comptroller Charles L. Craig, of New York, to serve sixty days in a New Jersey jail for contempt of Judge Julius Maher, it was announced officially at the White House today.

The question upon which the president desires an official ruling is whether or not he has the authority under the law and the constitution to issue a pardon to Craig, if the facts should warrant such action.

From his home in Columbus, Ohio, Attorney General Daugherty has telegraphed to the Department of Justice specific directions for carrying out the president's orders, according to a White House spokesman.

New York, Nov. 26.—Samuel Untermeyer, New York attorney, said that Comptroller Charles L. Craig should insist on going to jail in order to force an investigation of the "rotten system" which permitted his being prosecuted and judged by the same man.

"If Mr. Craig has that fine sense of public service with which I credit him," said Mr. Untermeyer, "he will make the sacrifice of refusing executive clemency and will go to jail, and thus force a congressional investigation that will expose and uproot our rotten system."

Mr. Untermeyer said further that perusal of Judge Mayer's opinion in the Craig case failed to convince him that the comptroller had committed contempt; that the successive acts of the federal court in the Brooklyn Rapid Transit receivership had worked a grave injustice to the city, and that patronage in connection with the receivership should be taken out of the hands of the court and that such receivership had long been a scandal among members of the bar.

EXPLOSION IN MINE OF CHICAGO, WILMINGTON AND FRANKLIN COAL CO. IN ILLINOIS BURIES WORKERS

NEW GOVERNOR OF OKLAHOMA

Gov. Edward Trapp

"Smiling Ed" Trapp, elected Lieutenant-Governor of Oklahoma, has become Governor of the State through the impeachment and removal from office of John Calhoun ("Jack") Walton.

OKLAHOMA SOLONS RENEW BATTLE FOR NEW LEGISLATION

Oklahoma City, Nov. 26.—Oklahoma's real battle against the Ku Klux Klan was waged with renewed intensity when the legislature was called to order today. A bill more rigorous than adopted by any state looking to curbing the hooded organization is expected to be enacted. Governor M. E. Trapp, who succeeded Governor J. C. Walton when the latter was impeached after a spectacular war on the Klan, during which the state was placed under martial law, is expected to personally appear before the legislature in support of the anti-klan bill.

The Fequay amendment to the senate and house joint committee's anti-klan bill, which was offered five minutes before the senate recessed Friday night, was taken up in the senate. Senator Fequay's amendment incorporates not only filing of a roster of officers and complete membership lists of all secret orders, but also involves law suits making every member share responsibility for the organization's acts. In other words, every member would be made a co-defendant with the organization.

If a bill is enacted such as is expected by prominent anti-klan leaders here, it is expected to be a model for other states fighting the hooded organization.

HAND BLOWN OFF

Chillicothe, O., Nov. 26.—The left hand of W. J. Loel was torn to shreds when his shotgun exploded and the gun was blown to bits while hunting

cities in every part of the United States. Two presents of money were received from London and one from Paris.

"I wanted to see the candles burning on my birthday cake, said little Helen. "Now I am happy."

JURY FAILS TO AGREE

Cincinnati, Nov. 26.—The jury which considered the case of Clarence Crosser of Portsmouth tried on the charge of first degree murder, reported a disagreement and was dismissed. Crosser was charged with first degree murder in connection with the death of Edward McClain of Little Rock, Ark., his companion during a holdup here on May 8 last.

DR. GRANT ATTACKS BISHOPS

Percy Stickney Grant declared that the action of the house of bishops in affirming a literal belief in the virgin birth of Christ was an affront to the scientific spirit and true faith. This assertion was made in a sermon entitled "The Bishops and the Creed." He referred to the bishops of the Protestant Episcopal church.

Terrific Gas Explosion Early Monday Traps Miners Underground—1,100 First Declared to Be Entombed—All But 35 Rescued Company Says.

Benton, Ill., Nov. 26.—Two men are dead, 8 more injured in hospitals and all the others caught in an explosion of Chicago, Wilmington and Franklin Coal Company Mine Number 1 at Orient, near here, are accounted for, it was announced by rescue workers, who returned this afternoon to the surface.

The rescue volunteers reported that they had penetrated beyond the flames, thought to have imprisoned additional miners but had found no one.

The Orient mine normally employs 1,100 men and is known as the largest mine in the world.

The explosion occurred between eight and 8:30 o'clock this morning. The Benton relief crew was at work to liberate the imprisoned men.

It has not been definitely established how many men were caught by the explosion, sixty being a conservative estimate, while first reports declared that from 500 to 1,000 had been entombed.

Ten injured miners, who were brought up, declared they believed there were many dead.

Hundreds of men and women have gathered about the shaft of the mine silently waiting for news.

Chicago, Nov. 26.—Officials of the Chicago office of the Chicago, Wilmington and Franklin Coal Company, informed International News Service this afternoon that all but 35 of the miners entombed at its Orient, Ill., shaft had been rescued.

Herrin, Ill., Nov. 26.—The Herrin mine rescue team went just before noon today for mine number one, of the Chicago, Wilmington and Franklin Coal Company at Orient, Illinois, where a gas explosion occurred. According to unconfirmed reports here, five men badly burned had been rescued and at least sixty others were in the area affected by the explosion. The Orient mine is reputed to be the largest in the world.

The mine holds the world's record in number of tons hoisted during an eight hour shift and is one of the few mines in this district that has been working steadily.

I. C. C. IS SEEKING FORD'S SECRETARY TO ATTEND MEET

Washington, Nov. 26.—The Interstate Commerce Commission has issued a subpoena giving the United States marshal for the District of Columbia authority to compel the attendance of E. G. Liebold, secretary to Henry Ford and vice president of Ford's railroad, the Detroit, Ironton and Toledo at the commission's hearing on the consolidation of the railroads it was announced today.

The commission met as usual this morning and remained in session for five minutes, waiting for Liebold to appear. It was then disclosed that the U. S. marshal had been searching for Liebold for several days, but was unable to establish his whereabouts.

When the commission first undertook to draw up a plan for consolidating the country's railroads into a limited number of systems, as provided in the transportation act of 1920, officials of the Ford railroad informed the commission by letter that the Detroit, Toledo and Ironton did not wish to participate in any consolidation plan and desired to be left alone. The first tentative plan of amalgamation provided for the consolidation of the Detroit, Toledo and Ironton with the Pere Marquette, which was objected to by Ford and his associates.

Under the authority granted by congress the commission requested the executives of all railroads to give reasons either for or against the various plans of consolidation, but the Ford officials have declined to do this. Members of the commission said this morning that every possible effort would be made to bring Liebold or some other official of the Ford railroad to be in Washington to explain their objections to consolidation with the Pere Marquette.

BLAME OLD WORLD ENMITIES FOR BLAST

Philadelphia, Nov. 26.—Political factionists who brought old world enmities to this country are responsible for the bombing of the Spanish and Italian consulates here Saturday. This is the opinion of police, here today after a 48 hour search by police and agents of the department of justice for the dynamiters. Police see in the outrages the hand of the Third International waving defiance at the Mus and Italy.

SHIP CAPTURED OFF NEW JERSEY COAST, AMERICAN

British-Registered R um Schooner Taken By Customs Officers

Washington, Nov. 26.—Belief among officials that the British-registered rum schooner Tomaka, seized off the New Jersey coast Sunday by United States customs officers, was American owned, accounted for the apparent disregard of the principle of the three-mile limit in the pursuit and capture of the vessel, it was learned here today.

New York, Nov. 26.—The United States navy stripped for action and let go with its deck artillery for the first time in its history.

After exchanging epithets with the two-masted rum runner Tomaka outside the three-mile limit, the United States coast guard ship Seneca fired a number of times upon the fleeing vessel and finally brought her to a halt. The Tomaka was flying the British flag, had put out from Nassau and was bound, presumably, for Seabright, N. J.

The vessel was brought into port and tied up at the New York barge office pier. Two hundred cases of fine grade whisky was found on board, together with one William S. McCoy, a well known and long sought figure.

The Tomaka was first tackled by the United States customs tug Lexington, which had received radio advice from the Seneca that the ship left Nassau loaded to the gunwales with liquor. The Tomaka, seeing the Lexington approach, lay at anchor quietly just outside Seabright and watched the Americans come aboard. As soon as all the invaders were on deck the rum runners' crew attacked them and beat them back into their boat.

The Seneca then joined battle. When the Tomaka saw them a member of the crew leaned over the rail and shouted: "I'll see you in before you'll take my boat outside the three-mile limit."

An officer of the Seneca shouted back: "You'll go to—yourself if you start something."

The Seneca's three-inch batteries were then laid and the command to "fire at will" given. The Seneca fired once, twice, and then the crew of the Tomaka was seen dragging out a machine gun. Again and again the Seneca's guns roared and shells were dropping thick just ahead of the rum runner's bow. Finally the British flag was seen to come down and the Tomaka put about.

When officers from the Seneca went aboard the Tomaka they found a crew of nine. A machine gun was secured. Another had been tossed overboard. The Tomaka's crew will be questioned by prohibition authorities in both New York and New Jersey.

TEN STILLS UNCOVERED

RARE OPPORTUNITY TO OBTAIN BIBLE GIVEN BY PAPERS

Following the greatest period of physical desolation and mental unrest ever known, the world has turned for surcease to its unfailing source of comfort. It is trying to forget the ruthless realities of life in the solace of spiritual promise. No matter what may be one's creed or station in life, the Bible answers every need and gives courage to all who read it.

Realizing this, an announcement is being made in other columns of this issue of a remarkable offer by The Morning Republican and The Evening Gazette to their readers. Only through cooperation with hundreds of newspapers in this country and Canada has it been made possible to share in this wonderful distribution of famous Big Print Red Letter Edition of the Bible, bound in limp leather and containing many pages of helps and halftones reproduced from photographs.

Among many others is a special feature, that of printing in red, all the sayings of Christ, so that one in search of the Master's own words can find them at a glance, and quotations from His teachings can be easily located.

The usual price asked for Bibles of such rare bookmaking is from three to four dollars, so this is a real opportunity to acquire an exquisite copy of the Book of Books by simply clipping a few coupons and adding a nominal distribution charge. How this can be done is explained in the announcement. Emphasis is laid on the fact that the publisher's allotment to these papers cannot be increased, and it is sincerely hoped that it is large enough to supply all coupon holders.

There are two distinct styles in this offer. Style A, which is the one briefly described, and Style B, which is an all Bible text medium print. This latter is a regular edition for those who do not feel that they can take advantage of the more elaborate volume.

TO DISCUSS WAYS TO INCREASE LOAN COMPANY ASSETS

Discussion of ways and means of increasing the assets of Ohio building and loan associations \$100,000,000 during the next year will be a principal topic of discussion at the group meeting of building and loan representatives from Greene, Montgomery, Clark, Warren, Butler and Preble Counties, at the Court House here next Tuesday.

It will be the first time Xenia building and loan men have ever played hosts to the group organization. Judge H. L. Smith of the Home Building and Savings Company will make the address of welcome to delegates at ten o'clock Tuesday morning in the assembly room of the Court House.

James A. Devine, Columbus, secretary of the Ohio Building Association League; Fred T. Bristol, Mansfield, president of the state organization; L. P. McCullough, Columbus; E. M. Baugher, Newark; Paul P. O'Brien and John E. Waitman, Dayton, president and secretary of the district organization, and others, will be speakers.

At the state convention of the building and loan men in Columbus recently it was pointed out by Secretary Devine that assets of building and loan associations in Ohio now total \$650,000,000 a growth of more than \$80,000,000 during the last year. Despite the great increase in deposits, building and loan associations now are finding themselves unable to meet the heavy demand for home loans in many sections and because the outlook for home building next spring is extremely good, the building and loan men are finding it necessary to make preparations to get enough money to meet the demand they feel certain will follow during the early months of next year.

The meeting here will be one of ten group meetings held over the state in an effort to stimulate deposits in building and loan institutions so that building operations next spring will not be curtailed through lack of funds. In the call for the meeting, it was declared by Secretary Devine that building and loan associations in Xenia during the last fiscal year had increased their assets \$145,923.60, and have total assets of \$4,389,857.52, practically all of which has been loaned to home buyers and builders and farm owners.

POLICE COURT

FORMER POLICEMAN FINED

And "Yank" Stephens, former member of the Xenia Police Department, ran afoul of his companions in arms Saturday night, when he was arrested by Patrolman Charles Thompson for driving his automobile without a rear light.

In police court where he used to testify against prisoners he had arrested, Stephens could only plead guilty, and was fined \$5 and costs by Judge E. D. Smith. The former policeman was one of four motorists caught Saturday night by Patrolman Thompson in the campaign to compel observance of the law requiring machines to have rear lights.

Frank James, Wilmington, and W. D. Green, Chestnut St., Xenia, were each fined \$5 and costs and Charles Green, Wilmington, has not yet entered an appearance.

Howard Peterman colored, arrested on a charge of petit larceny Sunday night was released from custody Monday morning and the case against him dismissed, when the complainant decided not to prosecute.

Peterman was arrested by Patrolman Thompson and Spencer on complaint of Jay Crawford, driver of a Yellow Cab Company taxi, who hauled Peterman to his home on the east side Sunday night and told police afterward that a pair of shoes he had left in the taxi disappeared when Peterman left the machine. The shoes were recovered.

NEW GERMAN LEADER HAS LITTLE CHANCE OF BEING ACCEPTED

Government Headed By Dr. Heinrich Albert Likely To Go Down In History as "Bouncer Cabinet" Termed Pro-American.

Berlin, Nov. 26.—The new German government, being formed today by Dr. Heinrich Albert will most likely go down in history as the "bouncer cabinet." It stands little chance of being accepted by the Reichstag when it is introduced, possibly tomorrow morning.

President Ebert is determined that if the Albert ministry is rejected to dissolve Parliament. Count Von Brockdorf-Rantzau was mentioned as probable foreign secretary. He was head of the German delegation at Paris who refused to sign the Versailles treaty and resigned his post rather than do so.

Dr. Albert, during the early years of the war was chief German propaganda and fiscal agent in the United States with offices in New York.

Berlin, Nov. 26.—Dr. Heinrich F. Albert, former German fiscal agent at Washington, was appointed chancellor of Germany by President Ebert.

The president entrusted Albert with the difficult task of forming a "super-party government," namely, a non-partisan cabinet that will stand above political parties and which is to be free from the fetters of factions. That, in fact, was Albert's own condition and he accepted the post with that understanding and with the provision that he can get a government together whose one and only interest is to be for the country and not for any party.

Ministers Gessler of the reichswehr, Brauns of labor and Warres of the interior were taken into the new government. Stresemann, who was proposed as minister of foreign affairs, is apparently unwilling to assume the task. The place has been offered to Count Ulrich K. Brockdorf Rantzau, formerly head of the German peace delegation at Versailles and now ambassador to Russia. The ministry of justice has been offered to Erich Emminger, a member of the Bavarian People's party.

The general impression of the Albert cabinet is that it will prove a mere stepping stone to a nationalistic dictatorship.

Albert has a large law office, representing many American interests and of him it can be said that he is the most pro-American chancellor Germany will have had since the revolution. He is known as an expert organizer and administrator. The only doubt expressed about Albert is that he may not have the necessary determination to long defy the political parties, who, it is expected, will seek to overthrow him as they did Stresemann.

WOMEN OF ENGLAND DEMAND ELECTION

London, Nov. 26.—Women are maintaining their interest in British politics, but are not increasing it. This is one of the few definite indications developed in the present campaign.

It is notable that out of more than 1,400 candidates for the 615 seats in the house of commons there are only 32 women in the field. At last year's election there were 23 women candidates, of whom only two were returned, Lady Astor and Mrs. Wintringham. Undeterred by this rout, party leaders, and especially the Laborites, are trying their luck again. Labor is putting forward 14 women, the Liberals 11 and the Conservatives 6, while one is fighting on an independent platform. Lady Astor this time is opposed only by a Laborite, and another victory by her is declared doubtful.

AUTO CRASHES INTO TRAIN

Canton, O., Nov. 25.—Two men were killed and five others injured when the automobile in which they were riding crashed into a moving train at Waynesburg, 12 miles south of this city. The dead: Parcozio Dandrea, 40, and Gaetano Giarrone, 37. Nick Fossa, 23, is in a hospital here in a serious condition.

Berlin, Nov. 26.—Food riots in Ruhr and Rhineland cities were reported in messages reaching here telling of deaths, injuries and the plundering of shops and stores.

At Essen there were frequent clashes between the mobs bent on securing food and clothing from shops and the police. Five persons were killed in as many hours and 27 were injured. At Stopenberg two deaths and five seriously wounded victims of food riots were reported. Nine are dead and 35 injured at Rothausen.

Unemployment continues to increase throughout the occupied regions and the population in many sections is becoming angry as prices mount daily and their incomes cease.

Dusseldorf, Nov. 26.—Negotiations between German Industrialists and the Franco-Belgian Economic Commission to increase production in the Ruhr and to allay labor disorders have been resumed, it was learned today.

The allied chiefs are making no secret of the fact that they hope the German coal, iron and steel magnates will sign final agreements. Already some agreements have been accepted by the occupational forces and German mine and mill owners.

Both the Allies and Germans are now haunted by the nightmare of millions of unemployed in the street, provoked by hunger and cold to bloody rioting and chaos.

The chief obstacle in the way of a final agreement was the German demand that the Allies credit Ruhr deliveries to the reparations account.

SNAP SHOTS

Three persons were killed, three fatally injured and seven seriously hurt when a bus running between Verona and Sant Anna, Italy, skidded while turning a curve on the road and plunged down a mountainside.

Martial law decree was revoked by the Grecian government.

Earthquake shocks were felt throughout the department of Haute-Garonne, France.

Five armed men held up three men carrying the payroll of the Hilton Clothing company, Newark, N. J., relieved them of bags containing \$7,000 and made their escape in an automobile.

Dr. Herbert Cushing Tolman, dean of the college of arts and sciences at Vanderbilt university and an authority on ancient languages, died suddenly at Nashville.

LECTURER CLOSES TALKS IN XENIA

The Rev. Edward Berger brought his series of lectures to a close Sunday night speaking before a large

Sunday afternoon at the First Methodist the lecturer spoke on "The Divine Origin of Man."

"In the long fight between the church and science," the speaker claimed "the church fought not evolution so much as the philosophy of materialism, rightly holding to God as the first cause. To-day science is dominated by a more spiritual philosophy, as evinced by William James, Eucken and Bergson." "Truth," declared the speaker, "never contradicts itself. In the Bible we find the frame-work of the story of creation; science fills in the details."

EAST IN GRIP OF BIG SNOWSTORM

Albany, N. Y., Nov. 26.—Eastern and northern New York today is digging itself out of a snowstorm of blizzard proportions that swept in from the west on the wings of a gale winter, bearing death and destruction.

Telephone and telegraph service was crippled, street car service was disrupted for hours and train service was impaired.

Scores of automobiles were snow bound for hours in country roads in the foothills of the Catskills. In some places the roads were blocked by drifts ten feet high.

Two deaths and scores of accidents in this section were blamed to the storm.

Ten inches of snow fell in eastern New York. This is one of the heaviest snow storms for November in years.

P. Wilcox, Stretch, Archie Allardice, T. Jefferson Beatson, St. Seybold, E. Thomas McArthur, Roger Gleason, C. Theodore Breeze, James Lockett, Dr. Thomas Phillips and the Rev. and Mrs. E. M. Tasman.

DINER PARTY IN HONOR OF BIRTHDAYS

Mr. and Mrs. J. L. Dunlap of North King Street, entertained the following guests at dinner, Sunday: Mr. and Mrs. D. A. Murphy, Winston, Maxine Rosella and Patti Lee Murphy, of Dayton; Mr. and Mrs. C. P. Dunlap and Willard Dunlap of Wilmington; Mr. Ernest McDonald of Springfield; Mr. and Mrs. T. E. Craig, Miss Elizabeth Lichliter and Francis Dunlap.

The occasion was in honor of Mrs. Murphy, Mr. Dunlap, Patti Lee Murphy and Francis Dunlap, whose birth anniversaries occurred on the same date.

Mr. S. G. Phillips who has been starting the horses on the grand circuit at Cleveland, spent last week at the home of his parents, Mr. and Mrs. Charles Phillips. He motored here and returned Friday to Cleveland, where he expects to spend the winter.

Superintendent D. H. Barnes announces that the schools of Spring Valley, Sugarcreek and Xenia Townships will close Wednesday evening of this week for the Thanksgiving vacation. They will re-open the following Monday.

Mr. and Mrs. Charles Moses of Crystal Springs, Ill., who spent the week as the guests of Mrs. H. H. Eavey and Mrs. George R. Schuster, started Sunday for Sarasota, Fla., to spend the winter.

Mr. Charles Price, who is a student at Miami University, Oxford, spent the week end with his uncle and aunt Mr. and Mrs. E. F. Canby, north King Street, his mother, Mrs. Flora Price, and sister, Miss Florence, motored to Xenia Monday from Norwalk to spend two days at the Canby home, going on to Oxford for Thanksgiving.

Mrs. J. R. Robertson will spend Thanksgiving with relatives in Wyoming, a suburb, of Cincinnati.

Mr. Stephen Powers of Port William, Ohio, was a visitor in Xenia, Monday.

Miss Pauline Sutton of Dayton spent Sunday in Xenia with relatives and friends.

Mrs. G. A. Fudge who was injured in a fall, while visiting in Waynesville, Ohio, was able to be brought to the home of her daughter, Mrs. Hugh McFadden, on North King Street, Saturday.

Mr. and Mrs. George Bloom, of Chicago, spent the week end with Mrs. Rosa Bloom of West Second Street. Mr. Bloom returned to Chicago Sunday night, but Mrs. Bloom will remain until Tuesday.

Gould Peters, son of Mrs. Andrew Winter of Cedarville, is ill of pneumonia at his home there.

Mrs. William Neeld returned Saturday from Newark, N. J., where she spent several weeks visiting her son and daughter-in-law, Mr. and Mrs. Paul Neeld.

Mrs. Al Wickersham and Miss Katherine Wickersham of Denver, Col., are visiting, Mr. and Mrs. N. M. Hunter of Jamestown.

Mr. Clyde Marshall, of New York, was the guest for a few days last week of Mr. and Mrs. Frank Dodds and other relatives in Xenia.

Footprints

BY SIDNEY THATCHER

"Many people conceive the relationship between capital and labor as one of stress and struggle. They talk as though the interests of the two were different. My experience is that there can be no success in industry unless there is at least a measurable appreciation of what is so fundamentally true, namely, that the interests of labor and capital are identical."—Charles M. Schwab, steel magnate.

"The people, who labor, are not and cannot be treated like dumb, driven cattle. They are, above all else, human beings, with feelings and sentiment, hopes and aspirations, and the fundamental problem of all industry is to so relate the human elements in the men, who do the work, to the machines which they operate, that the men themselves shall first of all be happy and healthy and that they shall be able to operate their machines with good spirit and efficiency."—Charles M. Schwab, steel magnate.

BEAVERCREEK

The Rev. and Mrs. E. W. Moyer entertained at dinner Tuesday evening the members of the High School faculty. Covers were laid for ten.

Mr. Edwin Brewer, a member of last year's graduation class is seriously ill.

On Friday, Dec. 7th, the Jamestown and Beaver Creek High School will give a joint entertainment at the K. of P. Hall. Admission 25 cents for adults, fifteen cents for children.

The boys of the Smith-Hughes department are fitting up a radio station. Mr. Chrisman of Allyn and Bacon Publishing house was a visitor in the high school on Friday.

Community day was observed on Friday in connection with Education Week. Several patrons visited the high school classes.

Probably the best community meeting ever held in the neighborhood took place on Friday night, when more than three hundred patrons and friends of the high school met in the K. of P. Hall. Dr. McChesney, president of Cedarville College delivered a magni-

cent address. The speaker emphasized the need of teaching today the real foundations of education, reading, writing and arithmetic. He pleaded for the teaching of the Constitution of the United States and the history of our country, that the young people many know the principles for which the U. S. stands.

Dr. McChesney emphasized the influence of the home, the Christian school and the need of the Bible in both home and school.

Music was furnished by the orchestra under the direction of Mr. W. R. Savrs.

A pleasing part of the program was a one-act original play by Miss Warner of the Home Economics department. The girls who took part wore the dresses and hats which they had made in the sewing class.

Devotionals at the opening of the meeting were conducted by the Rev. Mr. Moyer. The program closed with the solo 'A Perfect Day,' which was beautifully rendered by Celeste Hawker of the Senior Class. The company then adjourned to the high school, where the girls of the home economics class served cake and hot chocolate.

COOLIDGE—AS A MOVIE STAR

President Coolidge has become a full-fledged movie star. Since he became President he has been in scores of news reels, but not until recently did he qualify as a real motion-picture star.

At that time, he laid aside his unfinished message to Congress to face a movie camera in a two-reeler—a fiction story—signed to promote good roads in America.

The picture in which the President will appear tells the story of a poor country boy—the hero and everything. This lad, it seems, has been impoverished largely as the result of bad roads. He wins a scholarship by writing an essay on the subject of good roads. Naturally, he comes to Washington to have the President present him with the scholarship. The natural consequence is, the bright young lad returns to his home with a civil engineer's degree and devotes his life to making the country a finer and safer place to ride in.

QUEEN BESS KEPT ACCOUNTS

Auction rooms more and more are becoming the backstairs history, by which such unconsidered but priceless trifles as the cashbook of "Good Queen Bess" stumble up to make their courtesy before their betters. She was Princess Elizabeth when these twenty-six pages of yellowed vellum were first stained with

They show that in 1551 she spent 4000 pounds on household matters. It seems a trifling sum, \$20,000, to maintain an establishment in regal splendor, until the individual items are examined.

Then the curious reader learns that silk to line a bodice cost eight cents and a wild boar for the table—and there's a lot of that in a wild boar—cost a little more than \$7.

The housewife of this modern day who finds keeping accounts an irksome occupation may take heart from the exactitude with which an eighteen year old Tudor princess wrote down her items as "for making the panier of an upper bodice, twelve pence."

HAPPY ESKIMOS

Bernard Shaw says that the Eskimos are "apparently the happiest and healthiest people now in existence." His averment is based on the idea that it is hygienic and amusing to be as dirty as possible. It will not do to take Mr. Shaw too seriously. But he would look into the matter more narrowly, mortality statistics among the Eskimos would give him pause. The "merry little people" are not long-lived. A man of forty-five is thought to have reached advanced old age and a woman by that time is a withered

It is true that the Eskimo is exclusively dirty; but his physical welfare, such as it is, is not due to the fact that he sleeps in crowded igloo without ventilation and with smoking seal-blubber lamps to inhale whatever oxygen may leak in through the cracks when somebody sticks a whiphandle through the icy ceiling to get in a whiff of air. What keeps Omiak or Pomiuk alive is his frgetic exercise on the water or across the floes by day in quest of food. The life in the open counteracts the poisoned atmosphere in his doors.

A DOCTOR BLAMED

A Budapest surgeon who permitted a deformed infant to die when he had helped bring it into the world is rightly subjected to scorn of his colleagues. There are immortal arguments against him—Pope with his crooked back, Byron with his club foot.

But even higher considerations forbid such an act. The physician is the custodian of life, not death. He may not, if he values his oath and his high calling, withhold his hand when by imposing it he can avert death. In standing idly by and watching the small flame of life flicker out the Budapest physician did "let nature take its course." Nature is always on the side of life, and such tiny deformed beings as this infant are accidents which it is the doctor's duty to correct, not destroy.

FAVORS WORK BY ALL

Lady Astor, who is standing as a Conservative candidate for Parliament, thrust shrewdly at the British Communists when she said that she was not interested "either in the idle rich or the idle poor." The rich man who does not work may be a parasite, but the poor man who will not work is a menace. From such recruits the battalions of disorder. England's unrest is due largely to the thousands who live on charity which they have no right to regard as a stipend and not a dole. They are the pensioners of Government but from their ranks are drawn the hirelings of anarchy. The dole-takers in England need a stiff dose of common sense to be swallowed before meals.

If there is one menu in the entire year that is easy to plan, it is the Thanksgiving Dinner Menu. For the time-honored turkey, cranberries, mince and pumpkin pies, and other "fixins," are just as popular today as when grandmother served them. Thanksgiving would not seem like Thanksgiving without these customary viands.

Yet even for such well-known dishes as these recipes often vary. So today I am going to give you my way of cooking some of them:

Thanksgiving Potato Cake: Beat one cup of mashed potatoes till soft and creamy with one cup of warm milk and a tablespoon of butter. Whip two eggs light and add them to the creamy potato. Season with salt and pepper to taste and stir in one tablespoon of finely-minced raw onion. Turn the mixture into a buttered baking dish and bake, covered, for 30 minutes in a good oven. This dish must be baked just

one-half hour before dinner so that it can be served as soon as taken from the oven. If allowed to stand for more than a short while it is likely to fall. (For a large family this recipe must of course be doubled.)

Mincemeat for the Thanksgiving Pies: Boil two pounds of sirloin beef till tender (putting it over in hot water). Put it through your food chopper and measure it. To two cups of it add two cups of seeded raisins, one and one-half cups of dried currants, three cups of brown sugar, one scant cup of New Orleans molasses, five cups of tart chopped apples (skin, seeds and cores removed), one teaspoon of salt, one tablespoon of ground cinnamon, one-half teaspoon of ground cloves, one-half teaspoon of ground nutmeg, one-fourth teaspoon of mace, the grated rind and the juice of three lemons, one heaping tablespoon of finely cut citron, two cups of boiled cider and one cup of water in which the beef

EXPERT HERE SEELEY, FAMOUS IN THE SPECIALTY, CALLED TO DAYTON F. H. Seeley, of Chicago and Philadelphia, the noted truss expert, will personally be at the Miami Hotel, and will remain in Dayton Tuesday only, Nov. 27. Mr. Seeley says: "The Spermatic Shield will not only retain any case or rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location. Large or difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Warning—All cases should be cautioned against the use of any elastic or web truss with understraps, as where the opening is, producing complications necessitating surgical operations. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. He will be glad to demonstrate without charge or fee if desired. Business demands prevent stopping at any other place in this section. P. S.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seeley. Home Office 117, N. was boiled. Mix and bring slowly to a boil, continue to boil until the apples are clear—about 40 minutes. Cool, and place in the ice box till the day before Thanksgiving, when you make your pies.

Sage and Onion Turkey Stuffing: Although some women like Chestnut Stuffing or Oyster Stuffing for turkey, the average housewife prefers the good, old-fashioned stuffing that her grandmother made, as follows: Moisten three cups of rolled bread crumbs with one egg, season with one teaspoon of salt, a little pepper, one-fourth teaspoon of sage and two tablespoons of chopped raw onion which has been cooked in a little butter till slightly soft. (For a very large bird, double this recipe.)

ON SIFTING

I enjoy a great crowd. It is so interesting. I have been in crowds of as high as 50,000 human beings—and watched them melt into the streets again until each person entered his own particular sphere.

The crowd, massed, is very powerful for good or evil. And yet it is possible to sift from that mass one or two individuals who might lead that great, vibrating movement of minds and hearts as tho there were a strong cable bound about each one.

Events sift men from the general crowd of human beings and raise them to their proper level.

In like manner does Time sift the finer qualities of the individual and make them to stand out in all their sterling worth.

As you work, you may learn of yourself and take upon improvement and growth by sifting the chaff qualities from your character and bringing out the real grain value that lies within you.

Not until we have gone thru much loss, not until we have discarded much baggage do we really come to

ourselves and learn the value of life in its elementary worth.

Most of the complications in life, we put there.

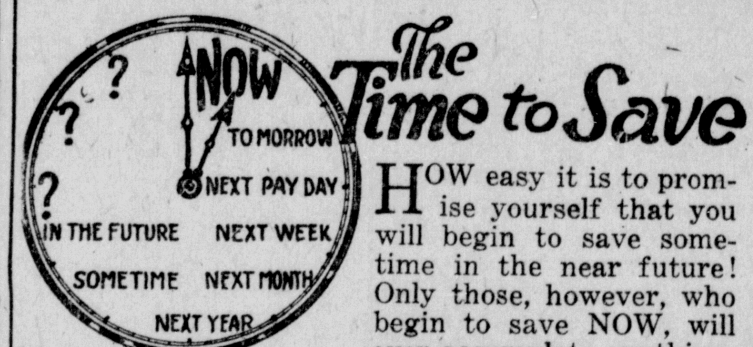

There is no more valuable lesson for a human being to learn than that of sifting the true from the false, the simple from the complex.

Time is a great sifting force. Important things seemly made into nothingness under the burning rays of Time, and many of the lesser things that concern us grow into the light of Time.

So I would say, let Time do a little sifting for you. And then as you learn from this process, sift much for yourself. Live with the essentials. Hold to the true.

SPRINGFIELD PIKE NOTHING BLOCKED TO ALL TRAFFIC NOW

As were taken Monday to halt pre-traffic over the newly paved sections of the Springfield pike, it was announced at the office of W. J. Davis, county surveyor.

Surveys used the pike over the end without permission and diked the conditions of the new road according to County Surveyor. Heavy trucks would crush the green concrete it is said. Permanent blockades were kept motorists from using the pike until it is ready for use.

A new concrete, which has set eight days now, will be ready in about a week or ten days, according to Surveyor Davis. A reconstructed bridge south of Station will be ready for use in two weeks, it is said, and that time the pike will be thrown for winter traffic, pending the completion of the concrete paving spring.

Surveys used the pike over the end without permission and diked the conditions of the new road according to County Surveyor. Heavy trucks would crush the green concrete it is said. Permanent blockades were kept motorists from using the pike until it is ready for use.

A BIBLE IN EVERY HOME The Xenia Gazette and Republican Bible Distribution

Following the most distressing period of unrest has ever known, comes a world-wide revival of Bible reading, which must tend to ameliorate the unrestful conditions of mankind. To encourage such an end, leading newspapers throughout this country have joined forces to promote the distribution of the great Book of Books, and have adopted a plan that should readily place the Bible in the hands of every reader. Two exclusive editions have been chosen for this purpose—first, the famous large print Red Letter Bible, illustrated herein, and a beautiful plain print, medium large type edition that will be distributed for a nominal sum.

The Question of the Universe

This Bible—this miraculous Bible—this Book of All Books—luminous with the light that dwelleth not on land or sea—this noblest and most beautiful Thing in all the world—what is it—whence cometh it—what means it?

It has made and unmade Nations. It has uprooted Kingdoms and Empires. It has diverted the mighty tides of History. It has crumpled ancient Faiths and Superstitions. Because of it fell Pagan Rome. The antique Systems of India and the Far East have bowed their heads to its enlightened sway.

China and the Orient now first awaken from their sleep of thrice a thousand years, and follow their sister nations of the Occident—whose feet are guided by one sole lamp—the sacred flame of which was kindled by the inspired Hebrew Prophets, and fed for all time by the Lord and Master of the Golden Rule.

Only ignorance scoffs at the Bible! The greatest rulers—the greatest statesmen—the greatest scholars—writers—orators—scientists—soldiers—and the untold millions of the Common People, whose collective genius outweighs them all—have thrilled to its Divine Wisdom.

Its lyrics of unfathomable tenderness—its orations of compelling potency—its contemplative prose of preternatural grandeur—have never been equalled. Its emotional depths and its intellectual heights make it the one and only Book of Books, vouchsafed for the guidance of mankind throughout the ages.

EVERY READER May Have This Bible

PROMINENT GREENE COUNTY FARMER IS DEAD AT HIS HOME

Horace M. Snook, 64, prominent Greene County farmer, died at his residence on the Springfield pike, near Fairfield, Saturday afternoon at 3:30 o'clock. Death was caused by pneumonia, with which Mr. Snook

HORACE M. SNOOK

was stricken several days ago.

Mr. Snook took an active part in the affairs of both his county and community. He was chairman of the Bath Township Farm Bureau organization, and a member of the Executive Committee of the Greene County Farm Bureau, and had been prominently identified with both Grange and Farm Bureau work for many years. With the exception of one year, he has been on the County Executive Committee since the local Farm Bureau's inception in 1918.

Mr. Snook had been treasurer of Fairfield Valley Grange, No. 2011, for the last year. He resided in Greene County, at his late location for about eight years, having previously lived 53 years near Lebanon, Warren County.

He is survived by one daughter, Mrs. Edna M. Kuriger, and her husband, with whom he was living. Mrs. Snook preceded him in death nine years ago.

Funeral services will be held at the Reformed Church in Fairfield, Tuesday morning at 10 o'clock, and at 1:30 in the afternoon at the cemetery chapel in Lebanon. Burial will be in the Lebanon cemetery.

VOICE AMAZEMENT THAT VOTES CAST AGAINST PROPOSAL

City commissioners were interested Thursday night in the report of City Auditor T. H. Zell on the result of the vote on the proposed amendment to the city charter, which carried at the recent election.

The report showed 1,637 people voted for the amendment while 1,071 cast their votes against it. Commissioners were surprised that anyone should vote against the amendment, which actually means only a possible saving to the city of considerable money at election time through the elimination of useless expense.

The amendment will eliminate the holding of city primaries to nominate candidates for the City Commission, when the number of candidates filing papers are not more than twice the number of candidates to be elected at the regular election following. Had the amendment been in effect at the last primary, it would have saved the taxpayers about \$1,000 commissioners estimate.

"The vote against the proposed amendment is a sad commentary on the voting ability of the people," said one commissioner. "One would have thought the amendment would have been popular as a money-saving change, and would have carried without a dissenting vote. An analysis of the vote after the election, shows some Xenia precincts actually defeated the measure and it is believed the vote against it was cast by people who neglected to even study the purposes of the proposed change and cast their ballots in the negative in a mistaken idea of what they thought was 'the safe thing to do.'"

KIDDIES LEND AID TO DRIVE OF RED CROSS

A crippled little boy counting pennies with his toes to give to the Red Cross.

A little school girl organizing her classmates and collecting their contribution for the same purpose.

They both are grateful to the Red Cross because they were personally helped by it.

The boy had been helped in one of the clinics for crippled children conducted by the Greene County Chapter. The Red Cross nurse had given the afflicted little fellow aid.

The girl had been made healthier and happier because her tonsils were removed in the free clinic conducted by the Red Cross, last June.

"To the Greatest Mother in the World," was addressed a communication from a distant part of the county. The postoffice delivered it to the Red Cross. It contained a dollar membership.

"So far it has been difficult to get

canvassers to report their results," said an official of the Greene County chapter. All results so far are favorable to reaching the goal for the county, \$4000. We received the membership of Senator S. D. Fess recently. The youngest member in Greene County reported so far is a three-year-old girl near Xenia, who is extremely proud of her Red Cross button."

DAVIS TO RUN

Zherrosville, O., Nov. 26.—Former Governor Harry L. Davis will seek the Republican nomination next summer for governor, according to J. R. Smunt of Cuyahoga county, who accompanied Davis on a rabbit hunt in his vicinity.

ROADHOUSES CLOSED

Cincinnati, Nov. 26.—Orders involving sale or possession of liquor were issued by Federal Judge Hickenlooper against five roadhouses around Cincinnati, against which "padlock" proceedings were filed last week.

AUTO CLUB PLANS MEMBERSHIP DRIVE

With the radiator emblems now on hand, the Greene County Automobile Club is preparing for an active drive for membership, it was announced at the offices of the association, Main and Whiteman streets, Monday.

An active campaign to enroll membership in the club, has been delayed pending the arrival of the emblems.

Members who have already joined the organization and who have been waiting for their emblems may obtain them at the club offices now, according to C. H. Little, membership director. Automobile owners who wish to join the club may apply now to either Mr. Little or Oliver Belden, secretary, either at the club offices or personally.

TO CONFER DEGREE ON CANDIDATES

The third degree will be conferred on a large class of candidates from Xenia Lodge and Buckeye Lodge of Dayton at special ceremonies to be held by Xenia Lodge, No. 52, Independent Order of Odd Fellows next Tuesday evening.

Besides the candidates a large delegation of Dayton Odd Fellows and visitors from other cities are expected. Following the exemplification of the degree work, Xenia Lodge will serve refreshments for those attending.

BARBERS DEFEATED BY SPRINGFIELD 11 SECOND TIME 32-0

BY L. J. WONES

The K.A.A. football team was defeated by the crack Springfield Bulldogs, at Crabb field, Springfield, Sunday afternoon, 32 to 0.

The barbers were outwitted and outplayed. The Bulldogs presented a heavy team sprinkled with a few college stars, including Howell and Bruce who were hard to stop. The winners made 11 first downs while the locals made but four. Numerous penalties were inflicted on the K.A.A. outfit and at one stage of the fracas Coach Rachford ordered his team from the field but things were finally smoothed over and the conflict proceeded.

The Bulldogs scored once in the first quarter. Howell making the play and a pass, Nettis to Williams counted the second tally. At the start of the third quarter the barbers outplayed the Springfield bunch and held them for downs several times, but in the final period the Bulldogs scored three touchdowns.

The K.A.A.'s will hold a meeting at Kaffory's barber shop Monday night at 7:30 o'clock. The barbers close their season next Sunday at Washington Park, with the Dayton All Stars. The lineup and summary:

FORMER GRID STARS ISSUE CHALLENGE TO K 4 A TEAM FOR GAME

A team of veteran independent football players is challenging the right of the Xenia K.A.A. eleven to claim the city championship and is anxious to book a game with the barbers to settle the dispute.

"Toughy" Fuller is back of the movement to get the "old boys" to gether for one last game, and he plans to organize a team that will contain the names of many performers who made football history at Central High and later with such independent teams as the Mercuries, Maroons and American Legion teams.

Fuller proposes to line up "Phil" Buck, "Atlas" Smith, Eddie Thomas, Raymond and "Pete" Horen, Al Houk, Wilson, Fisher, Rickles, Free, Barnett, McCoy, Shroaders, Pritchard and any of the former stars who want to play. Manager Fuller would like to hear from the management of the K.A.A. eleven as soon as possible regarding the proposed game.

TITLE HONORS ARE SHARED BY ILLINOIS AND MICHIGAN 11'S

Chicago, Nov. 26.—Michigan and Illinois football teams are sharing the championship honors of the western conference. Neither team suffered a defeat during the season, which closed Saturday.

Chicago with five victories and one defeat landed in third place. Minnesota with two victories, one defeat and a tie wound up in fourth place.

The final standing showed three ties, Illinois and Michigan being even for first honors; Iowa and Indiana tying for fifth place, although Iowa had three victories and as many defeats, while Indiana had but two of each. Indiana shared this honor in the conference despite the fact that it scored but 10 points to its opponents' 85. Wisconsin, with a win, three defeats and a tie, nosed out Ohio State and Purdue, which colleges won one each. Northwestern lost all six of its scheduled games.

VENARDS TO MEET WASHINGTON FIVE WEDNESDAY NIGHT

The Jamestown Venards will play the crack Washington C. H. Company M team at Venard hall, Jamestown, on Wednesday night. The game will be handled by Lawrence Rachford, the veteran referee and will get under way at eight o'clock.

The Venards won their opening game of the season when they defeated Bab's Winchester's Xenia last week at Jamestown. The Jamestown bunch will be up against another hard five when it takes floor against the soldier lads. They have been making some of the best teams taste defeat and expect to give the Venards the same dose. But with Kramer and Ferguson at the front positions, Leon Skelly at center and Genger and Yeakley at guards the Venards feel confident they can turn the trick on the visitors.

MOTHER!

Clean Child's Bowels with "California Fig Syrup"

Even if cross, feverish, bilious, constipated or full of cold, children love the pleasant taste of "California Fig Syrup." A teaspoonful never fails to clean the liver and bowels.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

DEMPEY TO QUIT PRIZE FIGHT RING

Los Angeles, Nov. 26.—Jack Dempsey, champion of champions among the heavyweight pugilists, is going to quit the ring after three more fights.

He hopes to crown these fights into the next 12 months and to be ready to retire undefeated on Jan. 1, 1925. Once actively out of the game, Dempsey says he never will return. As a guaranty against such temptation he plans to marry, settle in Los Angeles and go into the real estate business with his manager and partner, Jack Kearns.

Dempsey has withdrawn his pledge never to box Willis and the New Orleans Panther is to get his chance at the title as quickly as the articles can be signed. Luis Firpo, South American heavyweight, who lost to Dempsey in two rounds only after one of the most sensational battles in the history of the fight game, is to be taken on again about July 4. Then Tommy Gibbons is to get his second shot at Dempsey. The champion hopes to polish off all three challengers with dispatch and to step down and off the throne for keeps.

OSBORN INDIANS WIN
 The Osborn Indians defeated the West Alexandria Ex-Hi eleven at West Alex Sunday 7 to 0. The break in the game came in the third quarter when B. Reese broke through and blocked a punt which rolled behind the goal line where Harvey Reese recovered it for the only score of the game.

Home-made, but Has No Equal for Coughs
 Makes a family supply of really dependable cough medicine. Easy to prepare and saves about \$2.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with croup and you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing. Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

"Sing a Song of Six Rooms-- Pocket Full of Rent"

That's the way the old rhyme goes now—maybe instead of calling it a Mother Goose rhyme, you'd call it a Mother Gazette-Republican one.

Anyhow—Mrs. Frank Bath, Livsey Apartments, "sang a song of six rooms" in the Gazette Republican's "Apartments And Flats" columns the other day—and now she has the first month's rent.

Mrs. Bath's ad ran for three days but the apartment was rented after the first insertion of the ad.

When you have rooms or an apartment to rent, remember what Mrs. Bath's Gazette-Republican ad did.

Then ask for an ad-taker after calling 111.

Advertisements are restricted to their proper classification and to the regular Republican-Gazette style of type.

FREDERICK WARDE TO APPEAR HERE IN LECTURE COURSE

Many years ago Frederick Warde, eminent tragedian, performed at the old Xenia Opera House.

Tuesday evening he will return to Xenia for his first appearance since that time when he delivered his lecture, "Fifty Years of Make Believe," in the Jean B. Elwell Auditorium of Central High School as the second number on the Lyceum course being given by the schools.

Several years ago when Mr. Warde was playing the leading role in Stephen McGroarty's classic, the California Mission Play, at San Gabriel, with which R. Hayes Hamilton, of this city, is connected as lecturer, he told Mr. Hamilton he remembered Xenia as the city in which the steam railroad ran up the main street.

For more than 50 years Mr. Warde has been an actor in England and the United States, in standard and classic drama. Many of his contemporaries were foremost actors on the English-speaking stage, including such historic names as Charlotte Cushman, Adelaide Neilson, Edwin Booth, Henry Irving, John McCullough, Lawrence Barrett, Louis James and others. During the last three years Mr. Warde has given his time to the role of "Junipero Serra," in the Mission Play and to his lecture and literary work.

In addition to his talk on "Fifty Years of Make Believe," on which Mr. Warde has also written a book, he will talk on "The Actors of Shakespeare." He is considered a foremost authority on Shakespeare and is rich in memories of the stage, being known as the "Grand Old Man of the Footlights," typifying the highest ideals of the stage and the drama.

The lecture is scheduled to begin at eight o'clock Tuesday evening and tickets are now on sale. The proceeds from the lecture course will be used to equip the stage of the school auditorium.

TAX COLLECTION TO BEGIN DECEMBER 10

Collection of taxes in towns outside of Xenia for the convenience of taxpayers in those districts, will begin December 10 at Cedarville, according to announcement of County Treasurer F. A. Jackson.

Taxpayers who wish to take advantage of the opportunity to make their December tax settlement while the collectors are in their own neighborhood, and thus avoid the necessity of coming to the county seat, should cut out the following schedule and keep it. Either County Treasurer Jackson or his deputy, Louis Reinwald, will make the collections.

December 10, Cedarville, at Exchange Bank.

December 11, Yellow Springs, at Miami Deposit Bank.

December 12, Bowersville, at Bowersville Bank.

December 13, Jamestown, at Squire Fulton's office, township hall.

December 14, Osborn, at First National Bank.

In spite of delays in preparing tax receipts due to the fact the office had to wait until after election for several of the books, unusual haste has been made in preparing for the December collection period, it is said. Many taxpayers are already fulfilling their tax obligations.

PLANS FOR THREE NEW BUILDINGS AT WILBERFORCE MADE

Plans for three new buildings to be added to the state department's property at Wilberforce University were submitted by S. L. Hellepeter, state architect, and accepted by the trustees of the Combined Normal and Industrial Department of the institution at a meeting Friday. It is announced.

The plans for the proposed new properties, include specifications for a domestic science building to be erected at a cost of \$32,000, a new laundry building to cost \$10,000 and a new dairy barn, to cost \$5,000. Slight changes were recommended by the trustees before the plans were accepted and approved, and it is expected that work on the buildings will start as soon as the contract can be let.

Richard C. Bundy, new superintendent of the department, whose appointment as financial officer has been confirmed by the board of control, presented an interesting report at the meeting and made a number of recommendations for improvements. Members of the board expressed themselves as pleased with the work of the new superintendent. Reports say the meeting was one of the most harmonious sessions of the board held in a number of years.

Members present were Sully Jaymes, Springfield, chairman; Bishop H. Jones, Wilberforce; Dr. Charles Bundy, Youngstown; Dr. Joseph L. Johnson, Columbus, recently appointed by Governor Donahey; the Rev. B. F. McWilliams, Toledo and T. Howard Winters, of the State Department of Education. President J. A. Gregg was not present, having been called to New York City in the interests of the university.

REFUSE TO ACCEPT PAPER MARKS

Berlin, Nov. 26.—To buy anything for paper marks here you must first get a policeman to force the storekeeper to accept them. The policeman may refuse, in which case you can complain to headquarters. Stores throughout Germany, especially those dealing in coffee, tea, chocolate, eggs, butter and cheese and similar staples, refuse to sell except for foreign or gold value currency. Many storekeepers snatch back their goods if payment is offered in paper money.

TWO LETTERS

Chapter 23

"My dear Cynthia," Lee wrote, "I'm coming home tomorrow. Shall I say it is you—or business, that is responsible for my coming? I suppose you can guess. Our senseless quarrels always end the same way. My head is bowed and my heart is contrite."

He wrote on carefully, pausing now and then to choose just the right word. Finally he sealed the letter in the envelope and addressed it.

Then he stood up with a look of relief and glanced across the room to Jim, who had fallen asleep in a chair by the open fire and was emitting hoarse, guttural snores into the otherwise peaceful silence.

"Hey, You!" Lee called picking up a magazine from the table and slinging it at the guide's nodding head. "Wake up and be sociable! I'm damned lonely and need entertaining."

Jim's head jerked back with a start, and a half dozen deep staccato grunts issued from his drooping mouth. He opened his eyes wonderingly and closed his grizzled mouth with a guilty snap.

"Damn!—eh what! What's the matter?" Jim jerked out questioning, rubbing the back of his rough hand across his sleepy eyes.

Lee laughed heartily, and going over picked up the magazine which had missed Jim's head by a hair's breadth.

"You're worse than a saw mill. Cut the racket and let's have some dinner," he demanded.

Jim looked into Lee's face and studied it for a second.

"Anything wrong?" he demanded. "Only I've decided to go back tomorrow," Lee informed, turning his face away and looking into the log fire.

Jim's eyes followed Lee's gaze but he did not answer. Lee's daily walks alone in the woods, and his silent, preoccupied manner, had not passed the guide's keen notice. He had been

doing some thinking himself, and had been able to draw his own conclusions for Lee's actions.

"Got to go, eh boy?" he asked musingly. "You ain't rested up yet. Only been here about two weeks."

"Business, old scout. Got to go back and tend to business," Lee tried to explain.

Jim wondered, but he said nothing. He got up and prepared the dinner but his thoughts were troubled.

During the rest of the evening Lee was gay. He joked and laughed with a levity which was too loud to be spontaneous. It made Jim sad and he longed to pierce beneath the surface of the boy's mood. Always before, Lee had been silent and unhappy at the thought of going back. Jim was sure there must be some reason, other than business, back of his plans for a sudden departure and his apparent gayness over leaving. Finally an awkward silence dropped between them.

"I have some letters to write and I'd

like you to take them down to the post office in the morning," Lee told Jim when it was at last time for bed. "Try and get reservations for me. I'll go down on the night train tomorrow. I want the letters to get off before I do. They're important."

And Jim turned and said goodnight and went off to bed with sadness gnawing at his big soul. Others might come to his solitary cabin in the big woods but none could ever awaken the same fatherly feeling in his rugged heart as Lee's boyish fair-mindedness and delicate perceptions and understanding had done. Lee Brown would never be anything but a dear big boy to him.

He stood a minute as if he wanted to say something; and then he turned slowly and went off to bed with his feelings still hidden even beyond Lee's power to perceive them.

When Jim had gone, Lee sat down at the table and wrote to the office telling them he was returning on Friday morning.

Then he took another sheet of paper and wrote "Dear Hope," at the top of it. He looked at it a minute. Then he tore it up quickly, and took another and wrote "Hope"—and then looked at that—and tore it up, too, and threw it into the open fire.

He took a third piece, but he did not put any heading at the top of it. No formal words seemed adequate to

express his feeling. He just sat for a long time and thought and smoked.

After a while he started to write. He wrote rapidly, covering sheet after sheet of white paper. Something had suddenly released his pent-up thought and they rushed from him, free and passionate.

At last he finished. He picked up the closely written sheets with flushed face, and re-read them carefully. Then suddenly he caught them up and carried them over to the open fire and threw them fiercely into the flames. "It's no use—I can't have her!" he cried between tight lips. He stepped back and jammed his hands deep in his pockets and watched as in a trance, until the last piece of paper had curled slowly and dropped among the embers.

UNION SERVICES ON THANKSGIVING AT BAPTIST CHURCH

Thanksgiving union services will be held at the First Baptist Church, on Thanksgiving morning at ten o'clock, with a sermon by the Rev. C. P. Proudfoot, of the Second United Presbyterian Church.

The Thanksgiving offering will be given to the Social Service League, as in former years, since that organization dispenses relief and cheer not only at Thanksgiving time, but throughout the year. "Be generous with those less fortunate than yourself," is the motto Mrs. J. R. Robertson, executive secretary of the League hopes Xenians will adopt for the holiday season.

Eat Kellogg's Bran regularly to get permanent relief from constipation!

Freedom from constipation, mild or chronic, can be surely looked for if you will eat Kellogg's Bran every day! Two tablespoonsful are sufficient; for severe cases with each meal.

Kellogg's Bran is nature's most wonderful food awaiting a chance to bring back your health. Kellogg's Bran is scientifically prepared to relieve suffering humanity from constipation and it will do that.

Being cooked and krumbled, Kellogg's Bran is delicious in its nut-like flavor. It should not be confused with common bran which is unpalatable and hard to eat. Kellogg's Bran adds greatly to the pleasure of eating other hot or cold cereals. A popular way to serve Kellogg's Bran is to cook it with hot cereals. In preparation, add two tablespoonsful

of Bran for each person, mixing it with the cereal to be cooked.

Kellogg's Bran is especially delicious in raisin bread, muffins, pancakes, macaroons, etc. Recipes appear on each package.

Realize what Kellogg's Bran is doing for constipation sufferers all over the nation, then just think what it can do for you and yours. The horrors to come should guide you to eat bran regularly, to serve it in some form each day.

You can drive constipation out of your family with Kellogg's Bran—and remove the cause of 90% of human illness! First-class hotels and clubs serve Kellogg's Bran in individual packages. Ask for it at your restaurant. All grocers.

ROMANCE TRAIL FOLLOWED FOR CLUE TO DEATH

Murder of Former University Student Probed By Police

Chicago, Nov. 26.—A trail of romance revealing affairs with married women and including a platonic friendship with a clergyman's daughter, was followed by police today in their inquiry into the baffling death of Freeman Louis Tracy, skilled technician, shot to death in an automobile as it sped through the University of Chicago campus early Sunday.

Evidence of a union labor dispute also was given some credence in sifting all possible evidence.

Considerable significance was attached to a letter from a married woman, who wished to continue her correspondence with Tracy despite her marriage. Another note, whose author was not known, arranged a secret meeting in Evanston.

Tracy was educating himself to be an electrical engineer. He matriculated at the University of Chicago last March, but discontinued his studies because of financial necessities.

The body, huddled on the street in front of a fraternity house, was found by Dudley Lyndon, University student, returning from a fraternity dance. It was evident that the body had been hurled from a speeding automobile. A trail of blood along the street to the place where the body was found, with a bullet hole through the head, showed the speed at which the murder car was moving.

Tracy attended a dance in Chicago Saturday night. Police are seeking his girl companion, if one was with him that night.

The murdered boy, although only 23 years old, held a position at \$600 a month with the Commonwealth Edison Electric Company. He was an ardent union worker, police learned.

Despite the fact that he had an artificial leg, he was said to have been a good dancer and a social favorite because of his winning personality.

LOWERED FREIGHT RATES ARE SOUGHT BY CONGRESSMAN

Washington, Nov. 26.—Legislation to insure lower freight rates and to deal with the coal situation were placed at the head of the legislative program for the approaching session of congress by Representative William J. Graham of Illinois.

Representative Graham is a candidate for the Republican floor leadership. "If congress does not make every reasonable effort to consider these matters," he said, "a lot of people in the country are going to ask why."

Mr. Graham said he had heard suggestions that only the necessary appropriation bills ought to be acted upon and congress then should adjourn. He is opposed to any such plan. He said:

"The people are complaining bitterly about the coal situation. This is particularly acute in the industrial and New England states. The agricultural parts of the country demand lowered freight rates. The people largely believe high freight rates are caused by section 15-a of the Esch-Cummins transportation act of 1920.

"Both the coal situation and the railroad rate question require legislative action. If congress sits down and does nothing except pass its appropriation bills, it confesses incompetency to deal with these questions. Congress should consider them. We should find out whether by legislative action we can not help the coal situation. So far as section 15-a of the transportation act is concerned the great railroad systems of the country now are attacking the constitutionality of the part of it they do not like, the recapture clause, in the courts, and demanding that congress keep its hands off the part of it they do like.

"It seems to me, especially in view of this condition, that the whole section ought to be gone into to see what effect it is having on railroad rates."

JOHNSON TO OPEN CAMPAIGN

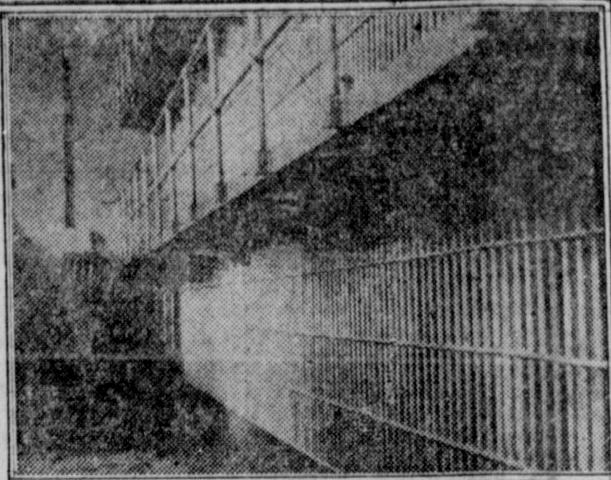

Cleveland, Nov. 26.—State Senator Bender announced after a conference with Senator Hiram Johnson of California, who has announced himself a candidate for the Republican nomination for the presidency, that Johnson may be in Cleveland about the middle of December for conference with Ohio supporters of the California senator. It is planned to have Johnson address a mass meeting here.

SEEK TO STOP SMUGGLING OF RUM BY TREATY

U. S. and Canada Open Negotiations for Liquor Understanding

Washington, Nov. 26.—Proposals of the American government for a treaty with Canada to stop liquor smuggling by land and sea between the two countries calls for reciprocal arrangements for the extradition of persons accused of violating the liquor laws and various measures governing the clearance of ships, the Treasury Department announced today in making public the agenda of the United States Canadian conference which opens at Ottawa tomorrow.

Assistant Secretary of the Treasury McKenzie Moss, chairman of the American commission appointed to negotiate a treaty with Canada on rum smuggling left for Ottawa today with other members of the commission.

FIRE LOSS REACHES \$100,000 AT SOUTH CHARLESTON, OHIO

South Charleston, Nov. 26.—Fires believed to have been started by an incendiary destroyed a dozen buildings on farms owned by Thomas Mattinson, Selma pike, west of here early this morning, with a loss of \$100,000 partially covered by insurance.

The blaze on the Mattinson homestead farm was discovered at one o'clock this morning by a passerby. One mile away, flames were seen issuing from the large barn on another farm owned by Mattinson. Neighbors saved the homestead, while more out buildings burst in flames and were destroyed. The fires started in haystacks and their simultaneous occurrence leads to the incendiary theory. Sixteen hogs, a number of sheep, grain, hay and farm implements were destroyed. Deputy sheriffs are searching for the fire bug.

NEW ENGLAND IS SWEEPED BY STORMS

Boston, Mass., Nov. 26.—Many cities and towns in central and western Massachusetts, Connecticut, Vermont and northern New York, were practically isolated today by heavy snows. Telephone communication was tied up and highways blocked. Several hundred automobiles were stalled in snow drifts.

A foot of snow covers the Mohawk trail. In many places the snow drifted into ten foot banks.

ALLEGED MEMBER OF MURDER GANG ARRESTED IN OHIO

Cleveland, Nov. 26.—Barlow M. Diamond, of Brooklyn, charged with being a fugitive from justice, was due back in New York today, following his arrest in Hotel Statler last night by Detectives Thomas Martin and Stephen Donahue of New York homicide squad, assisted by Cleveland officers.

Diamond, it was said by the New York officers, was wanted there for alleged complicity in the murder of two bank messengers, William S. Barlow and William H. McLaughlin in Brooklyn, Nov. 14.

The messengers were shot down as they left the Fifty Fifth street and Utrecht avenue elevated station and three bandits escaped in a stolen auto with \$43,000 in cash.

Diamond it was said, by police he arrived in Cleveland, Friday and had been trailed by an orgy of spending. He was reported to have boasted to a chorus girl that he was a member of a "stickup gang."

Columbus, Nov. 26.—When he resisted two negro bandits, who held up the M. E. G. restaurant, Christ George, the proprietor, was shot through the left hand. The bandits escaped after rifling the cash register of \$150. Two negro bandits also held up the grocery of J. L. Harper, rifled the cash drawers and made their escape.

CONGRESSIONAL INVESTIGATION MAY BE FORCED

Undermyer Declares Comptroller Should Serve Out His Term In Jail

Washington, Nov. 26.—President Coolidge has ordered Attorney General Daugherty to make a thorough investigation of the legal aspects of the sentencing of Comptroller Charles L. Craig, of New York, to serve sixty days in a New Jersey jail for contempt of Judge Julius Maher, it was announced officially at the White House today.

The question upon which the president desires an official ruling is whether or not he has the authority under the law and the constitution to issue a pardon to Craig, if the facts should warrant such action.

From his home in Columbus, Ohio, Attorney General Daugherty has telegraphed to the Department of Justice specific directions for carrying out the president's orders, according to a White House spokesman.

New York, Nov. 26.—Samuel Undermyer, New York attorney, said that Comptroller Charles L. Craig should insist on going to jail in order to force an investigation of the "rotten system" which permitted his being prosecuted and judged by the same man.

"If Mr. Craig has that fine sense of public service with which I credit him," said Mr. Undermyer, "he will make the sacrifice of refusing executive clemency and will go to jail, and thus force a congressional investigation that will expose and uproot our rotten system."

Mr. Undermyer said further that perusal of Judge Mayer's opinion in the Craig case failed to convince him that the comptroller had committed contempt; that the successive acts of the federal court in the Brooklyn Rapid Transit receivership had worked a grave injustice to the city, and that patronage in connection with the receivership should be taken out of the hands of the court and that such receivership had long been a scandal among members of the bar.

Gov. Edward Trapp

"Smiling Ed" Trapp, elected Lieutenant-Governor of Oklahoma, has become Governor of the State through the impeachment and removal from office of John Calhoun ("Jack") Walton.

OKLAHOMA SOLONS RENEW BATTLE FOR NEW LEGISLATION

Oklahoma City, Nov. 26.—Oklahoma's real battle against the Ku Klux Klan was waged with renewed intensity when the legislature was called to order today. A bill more rigorous than adopted by any state looking to curbing the hooded organization is expected to be enacted.

Governor M. E. Trapp, who succeeded Governor J. C. Walton when the latter was impeached after a spectacular war on the Klan, during which the state was placed under martial law, is expected to personally appear before the legislature in support of the anti-klan bill.

The Fequay amendment to the senate and house joint committee's anti-klan bill, which was offered five minutes before the senate recessed Friday night, was taken up in the senate. Senator Fequay's amendment incorporates not only filing of a roster of officers and complete membership lists of all secret orders, but also involves law suits making every member share responsibility for the organization's acts. In other words, every member would be made a co-defendant with the organization.

If a bill is enacted such as is expected by prominent anti-klan leaders here, it is expected to be a model for other states fighting the hooded organization.

Hope Of Life Given Stricken Child On Birthday

Cincinnati, N. J., Nov. 26.—The prayer of little Helen Hamilton that she might live to enjoy her thirteenth birthday has been answered. Helen, who is suffering from an incurable heart ailment, was thirteen today, and happily, her condition was better than it has been in many days.

Propped up in bed the child thrilled over the gifts showered upon her. Presents, many from distant cities, were piled high about her. The candles on her birthday cake—the child's inspiration to live during recent weeks, were lighted.

A Philadelphia heart specialist believing he was bringing the greatest gift of all—his prediction that the child might be cured and live a number of years.

"But I don't want to live if I must suffer so. However, God's will, not mine, must be done," Helen said.

Helen attracted nation-wide attention two weeks ago when, at the point of death, she, with her widowed mother, was evicted from the one room hotel in which she lived. Her landlady insisted the sick girl was a bother. Physicians said to move the girl would cause instant death. But the child survived.

EXPLOSION IN MINE OF CHICAGO, WILMINGTON AND FRANKLIN COAL CO. IN ILLINOIS BURIES WORKERS

Terrific Gas Explosion Early Monday Traps Miners Underground—1,100 First Declared to Be Entombed—All But 35 Rescued Company Says.

Benton, Ill., Nov. 26.—Two men are dead, 8 more injured in hospitals and all the others caught in an explosion of Chicago, Wilmington and Franklin Coal Company Mine Number 1 at Orient, near here, are accounted for, it was announced by rescue workers, who returned this afternoon to the surface.

The rescue volunteers reported that they had penetrated beyond the flames, thought to have imprisoned additional miners but had found no one.

The Orient mine normally employs 1,100 men and is known as the largest mine in the world.

The explosion occurred between eight and 8:30 o'clock this morning. The Benton relief crew was at work to liberate the imprisoned men.

It has not been definitely established how many men were caught by the explosion, sixty being a conservative estimate, while first reports declared that from 500 to 1,000 had been entombed.

Ten injured miners, who were brought up, declared they believed there were many dead.

Hundreds of men and women have gathered about the shaft of the mine silently waiting for news.

Chicago, Nov. 26.—Officials of the Chicago office of the Chicago, Wilmington and Franklin Coal Company, informed International News Service this afternoon that all but 35 of the miners entombed at its Orient, Ill., shaft had been rescued.

Herrin, Ill., Nov. 26.—The Herrin mine rescue team went just before noon today for mine number one, of the Chicago, Wilmington and Franklin Coal Company at Orient, Illinois, where a gas explosion occurred. According to unconfirmed reports here, five men badly burned had been rescued and at least sixty others were in the area affected by the explosion. The Orient mine is reputed to be the largest in the world.

The mine holds the world's record in number of tons hoisted during an eight hour shift and is one of the few mines in this district that has been working steadily.

I. C. C. IS SEEKING FORD'S SECRETARY TO ATTEND MEET

Washington, Nov. 26.—The Interstate Commerce Commission has issued a subpoena giving the United States marshal for the District of Columbia authority to compel the attendance of E. G. Liebold, secretary to Henry Ford and vice president of Ford's railroad, the Detroit, Ironton and Toledo at the commission's hearing on the consolidation of the railroads it was announced today.

The commission met as usual this morning and remained in session for five minutes, waiting for Liebold to appear. It was then disclosed that the U. S. marshal had been searching for Liebold for several days, but was unable to establish his whereabouts.

When the commission first undertook to draw up a plan for consolidating the country's railroads into a limited number of systems, as provided in the transportation act of 1920, officials of the Ford railroad informed the commission by letter that the Detroit, Toledo and Ironton did not wish to participate in any consolidation plan and desired to be left alone. The first tentative plan of amalgamation provided for the consolidation of the Detroit, Toledo and Ironton with the Pere Marquette, which was objected to by Ford and his associates.

Under the authority granted by congress the commission requested the executives of all railroads to give reasons either for or against the various plans of consolidation, but the Ford officials have declined to do this. Members of the commission said this morning that every possible effort would be made to bring Liebold or some other official of the Ford railroad to be in Washington to explain their objections to consolidation with the Pere Marquette.

BLAME OLD WORLD ENMITIES FOR BLAST

Philadelphia, Nov. 26.—Political factionists who brought old world enmities to this country are responsible for the bombing of the Spanish and Italian consulates here Saturday. This is the opinion of police, here today after a 48 hour search by police and agents of the department of justice for the dynamiters. Police see in the outrages the hand of the Third International waving defiance at the Mus-

and Italy.

DR. GRANT ATTACKS BISHOPS

Percy Stickney Grant declared that the action of the house of bishops in affirming a literal belief in the virgin birth of Christ was an affront to the scientific spirit and true faith. This assertion was made in a sermon entitled "The Bishops and the Creed." He referred to the bishops of the Protestant Episcopal church.

SHIP CAPTURED OFF NEW JERSEY COAST, AMERICAN

British-Registered R u m Schooner Taken By Customs Officers

Washington, Nov. 26.—Belief among officials that the British-registered rum schooner Tomaka, seized off the New Jersey coast Sunday by United States customs officers, was American owned, accounted for the apparent disregard of the principle of the three-mile limit in the pursuit and capture of the vessel, it was learned here today.

New York, Nov. 26.—The United States rum navy stripped for action and let go with its deck artillery for the first time in its history.

After exchanging epithets with the two-masted rum runner Tomaka outside the three-mile limit, the United States coast guard ship Seneca fired a number of times upon the fleeing vessel and finally brought her to a halt. The Tomaka was flying the British flag, had put out from Nassau and was bound, presumably, for Seabright, N. J.

The vessel was brought into port and tied up at the New York barge office pier. Two hundred cases of fine grade whisky was found on board, together with one William S. McCoy, a well known and long sought figure. The Tomaka was first tackled by the United States customs tug Lexington, which had received radio advice from the Seneca that the ship left Nassau loaded to the gunwales with liquor. The Tomaka, seeing the Lexington approach, lay at anchor quietly just outside Seabright and watched the Americans come aboard. As soon as all the invaders were on deck the rum runners' crew attacked them and beat them back into their boat.

The Seneca then joined battle. When the Tomaka saw there a member of the crew leaved over the rail and shouted: "I'll see you in a before you'll take my boat outside the three-mile limit."

An officer of the Seneca shouted back: "You'll go to — yourself if you start something."

The Seneca's three-inch batteries were then laid and the command to "fire at will" given. The Seneca fired once, twice, and then the crew of the Tomaka was seen dragging out a machine gun. Again and again the Seneca's guns roared and shells were dropping thick just ahead of the rum runner's bow. Finally the British flag was seen to come down and the Tomaka put about.

When officers from the Seneca went aboard the Tomaka they found a crew of nine. A machine gun was secured. Another had been tossed overboard. The Tomaka's crew will be questioned by prohibition authorities in both New York and New Jersey.

TEN STILL UNCOVERED

Cincinnati, Nov. 26.—Ten stills in the old Mill Creek distillery here were uncovered by a squad of detectives, who believe that they have found the headquarters of Cincinnati's "king of the moonshiners," who has grown immensely rich through the sale of illicit liquor.

RARE OPPORTUNITY TO OBTAIN BIBLE GIVEN BY PAPERS

Following the greatest period of physical desolation and mental unrest ever known, the world has turned for succor to its unfailing source of comfort. It is trying to forget the ruthless realities of life in the solace of spiritual promise. No matter what may be one's creed or station in life, the Bible answers every need and gives courage to all who read it.

Realizing this, an announcement is being made in other columns of this issue of a remarkable offer by The Morning Republican and The Evening Gazette to their readers. Only through cooperation with hundreds of newspapers in this country and Canada has it been made possible to share in this wonderful distribution of the Bible, bound in limp leather and containing many pages of help and halftones reproduced from photographs.

Among many others is a special feature, that of printing in red, all the sayings of Christ, so that one in search of the Master's own words can find them at a glance, and quotations from His teachings can be easily located.

The usual price asked for Bibles of such rare bookmaking is from three to four dollars, so this is a real opportunity to acquire an exquisite copy of the Book of Books by simply clipping a few coupons and adding a nominal distribution charge. How this can be done is explained in the announcement. Emphasis is laid on the fact that the publisher's allotment to these papers cannot be increased, and it is sincerely hoped that it is large enough to supply all coupon holders.

There are two distinct styles in this offer. Style A, which is the one briefly described, and Style B, which is an all Bible text medium print. This latter is a regular edition for those who do not feel that they can take advantage of the more elaborate volume.

TO DISCUSS WAYS TO INCREASE LOAN COMPANY ASSETS

Discussion of ways and means of increasing the assets of Ohio building and loan associations \$100,000,000 during the next year will be a principal topic of discussion at the group meeting of building and loan representatives from Greene, Montgomery, Clark, Warren, Butler and Preble Counties, at the Court House here next Tuesday.

It will be the first time Xenia building and loan men have ever played hosts to the group organization. Judge H. L. Smith of the Home Building and Savings Company will make the address of welcome to delegates at ten o'clock Tuesday morning in the assembly room of the Court House.

James A. Devine, Columbus, secretary of the Ohio Building Association League; Fred T. Bristol, Mansfield, president of the state organization; L. P. McCullough, Columbus; E. M. Baugher, Newark; Paul P. O'Brien and John E. Waitman, Dayton, president and secretary of the district organization, and others, will be speakers.

At the state convention of the building and loan men in Columbus recently it was pointed out by Secretary Devine that assets of building and loan associations in Ohio now total \$650,000,000 a growth of more than \$80,000,000 during the last year. Despite the great increase in deposits, building and loan associations now are finding themselves unable to meet the heavy demand for home loans in many sections and because of the outlook for home building next spring is extremely good, the building and loan men are finding it necessary to make preparations to get enough money to meet the demand they feel certain will follow during the early months of next year.

The meeting here will be one of ten group meetings held over the state in an effort to stimulate deposits in building and loan institutions so that building operations next spring will not be curtailed through lack of funds. In the call for the meeting, it was declared by Secretary Devine that building and loan associations in Xenia during the last fiscal year had increased their assets \$145,523.60, and have total assets of \$4,389,557.52, practically all of which has been loaned to home buyers and builders and farm owners.

POLICE COURT

FORMER POLICEMAN FINED
Arnold "Yank" Stephens, former member of the Xenia Police Department, ran afoul of his companions in arms Saturday night, when he was arrested by Patrolman Charles Thompson for driving his automobile without a rear light.

In police court where he used to testify against prisoners he had arrested, Stephens could only plead guilty, and was fined \$5 and costs by Judge E. D. Smith. The former policeman was one of four motorists caught Saturday night by Patrolman Thompson in the campaign to compel observance of the law requiring machines to have rear lights.

Frank James, Wilmington, and W. D. Green, Chestnut St., Xenia, were each fined \$5 and costs and Charles Green, Wilmington, has not yet entered an appearance.

Howard Peterman colored, arrested on a charge of petit larceny Sunday night was released from custody Monday morning and the case against him dismissed, when the complainant decided not to prosecute.

Peterman was arrested by Patrolman Thompson and Spencer on complaint of Jay Crawford, driver of a Yellow Cab Company taxi, who hauled Peterman to his home on the east side Sunday night and told police afterward that a pair of shoes he had left in the taxi disappeared when Peterman left the machine. The shoes were recovered.

NEW GERMAN LEADER HAS LITTLE CHANCE OF BEING ACCEPTED

Government Headed By Dr. Heinrich Albert Likely To Go Down In History as "Bouncer Cabinet" Termed Pro-American.

Berlin Nov. 26.—The new German government, being formed today by Dr. Heinrich Albert will most likely go down in history as the "bouncer cabinet." It stands little chance of being accepted by the Reichstag when it is introduced, possibly tomorrow morning.

President Ebert is determined that if the Albert ministry is rejected to dissolve Parliament. Count Von Brockdorff-Rantzau was mentioned as probable foreign secretary. He was head of the German delegation at Paris who refused to sign the Versailles treaty and resigned his post rather than do so.

Dr. Albert, during the early years of the war was chief German propaganda and fiscal agent in the United States with offices in New York.

Berlin, Nov. 26.—Dr. Heinrich F. Albert, former German fiscal agent at Washington, was appointed chancellor of Germany by President Ebert.

The president entrusted Albert with the difficult task of forming a "super-party government," namely, a non-partisan cabinet that will stand above political parties and which is to be free from the fetters of factions. That, in fact, was Albert's own condition and he accepted the post with that understanding and with the provision that he can get a government together whose one and only interest is to be for the country and not for any party.

Ministers Gessler of the reichswehr, Brauns of labor and Warres of the interior were taken into the new government. Stresemann, who was proposed as minister of foreign affairs, is apparently unwilling to assume the task. The place has been offered to Count Ulrich K. Brockdorff Rantzau, formerly head of the German peace delegation at Versailles and now ambassador to Russia. The ministry of justice has been offered to Erich Emminger, a member of the Bavarian People's party.

The general impression of the Albert cabinet is that it will prove a mere stepping stone to a nationalistic dictatorship.

Albert has a large law office, representing many American interests and of him it can be said that he is the most pro-American chancellor Germany will have had since the revolution. He is known as an expert organizer and administrator. The only doubt expressed about Albert is that he may not have the necessary determination to long defy the political parties, who, it is expected, will seek to overthrow him as they did Stresemann.

WOMEN OF ENGLAND DEMAND ELECTION

London, Nov. 26.—Women are maintaining their interest in British politics, but are not increasing it. This is one of the few definite indications developed in the present campaign.

It is notable that out of more than 1,400 candidates for the 615 seats in the house of commons there are only 32 women in the field. At last year's election there were 23 women candidates, of whom only two were returned, Lady Astor and Mrs. Wintringham. Undeterred by this rout, party leaders, and especially the Laborites, are trying their luck again. Labor is putting forward 14 women, the Liberals 11 and the Conservatives 6, while one is fighting on an independent platform. Lady Astor this time is opposed only by a Laborite, and another victory by her is declared doubtful.

AUTO CRASHES INTO TRAIN

CANTON, O., Nov. 26.—Two men were killed and five others injured when the automobile in which they were riding crashed into a moving train at Waynesburg, 12 miles south of this city. The dead: Pancozio Dandrea, 40, and Gaepanb Giartone, 37. Nick Fossa, 23, is in a hospital here in a serious condition.

Berlin, Nov. 26.—Food riots in Ruhr and Rhineland cities were reported in messages reaching here telling of deaths, injuries and the plundering of shops and stores.

At Essen there were frequent clashes between the mobs bent on securing food and clothing from shops and the police. Five persons were killed in as many hours and 27 were injured. At Stopenberg two deaths and five seriously wounded victims of food riots were reported. Nine are dead and 35 injured at Rothhausen.

Unemployment continues to increase throughout the occupied regions and the population in many sections is becoming angry as prices mount daily and their incomes cease.

Dusseldorf, Nov. 26.—Negotiations between German Industrialists and the Franco-Belgian Economic Commission to increase production in the Ruhr and to allay labor disorders have been resumed, it was learned today.

The allied chiefs are making no secret of the fact that they hope the German coal, iron and steel magnates will sign final agreements. Already some agreements have been accepted by the occupational forces and German mine and mill owners.

Both the Allies and Germans are now haunted by the nightmare of millions of unemployed in the street, provoked by hunger and cold to bloody rioting and chaos.

The chief obstacle in the way of a final agreement was the German demand that the Allies credit Ruhr deliveries to the reparations account.

SNAP SHOTS

Three persons were killed, three fatally injured and seven seriously hurt when a bus running between Verona and Santa Anna, Italy, skidded while turning a curve on the road and plunged down a mountainside.

Martial law decree was revoked by the Grecian government.

Earthquake shocks were felt throughout the department of Haute-Garonne, France.

Five armed men held up three men carrying the payroll of the Hilton Clothing company, Newark, N. J., relieved them of bags containing \$7,000 and made their escape in an automobile.

Dr. Herbert Cushing Tolman, dean of the college of arts and sciences at Vanderbilt university and an authority on ancient languages, died suddenly at Nashville.

LECTURER CLOSES TALKS IN XENIA

The Rev. Edward Berger brought his series of lectures to a close Sunday night speaking before a large Sunday afternoon at the First Methodist the lecturer spoke on "The Divine Origin of Man."

"In the long fight between the church and science," the speaker claimed "the church fought not evolution so much as the philosophy of materialism, rightly holding to God as the first cause. To-day science is dominated by a more spiritual philosophy, as evinced by William James, Eucken and Bergson."

"Truth," declared the speaker, "never contradicts itself. In the Bible we find the framework of the story of creation; science fills in the details."

EAST IN GRIP OF BIG SNOWSTORM

Albany, N. Y., Nov. 26.—Eastern and northern New York today is digging itself out of a snowstorm of blizzard proportions that swept in from the west on the wings of a gale winter, bearing death and destruction.

Telephone and telegraph service was crippled, street car service was disrupted for hours and train service was impaired.

Scores of automobiles were snow bound for hours in country roads in the foothills of the Catskills. In some places the roads were blocked by drifts ten feet high.

Two deaths and scores of accidents in this section were blamed to the storm.

Ten inches of snow fell in eastern New York. This is one of the heaviest snow storms for November in years.

Footprints

BY SIDNEY THATCHER

"Many people conceive the relationship between capital and labor as one of stress and struggle. They talk as though the interests of the two were different. My experience is that there can be no success in industry unless there is at least a measurable appreciation of what is so fundamentally true, namely, that the interests of labor and capital are identical."—Charles M. Schwab, steel magnate.

"The people, who labor, are not and cannot be treated like dumb, driven cattle. They are, above all else, human beings, with feelings and sentiment, hopes and aspirations, and the fundamental problem of all industry is to so relate the human elements in the men, who do the work, to the machines which they operate, that the men themselves shall first of all be happy and healthy and that they shall be able to operate their machines with good spirit and efficiency."—Charles M. Schwab, steel magnate.

BEAVERCREEK

The Rev. and Mrs. E. W. Moyer entertained at dinner Tuesday evening the members of the High School faculty. Covers were laid for ten.

Mr. Edwin Brewer, a member of last year's graduating class is seriously ill.

On Friday, Dec. 7th, the Jamestown and Beaver Creek High School will give a joint entertainment at the K. of P. Hall. Admission 25 cents for adults, fifteen cents for children.

The boys of the Smith-Hughes department are fitting up a radio station. Mr. Chrisman of Allyn and Bacon Publishing house was a visitor in the high school on Friday.

Community day was observed on Friday in connection with Education Week. Several patrons visited the high school classes.

Probably the best community meeting ever held in the neighborhood took place on Friday night, when more than three hundred patrons and friends of the high school met in the K. of P. Hall. Dr. McChesney, president of Cedarville College delivered a magnificent address. The speaker emphasized the need of teaching today the real foundations of education, reading, writing and arithmetic. He pleaded for the teaching of the Constitution of the United States and the history of our country, that the young people may know the principles for which the U. S. stands.

Dr. McChesney emphasized the influence of the home, the Christian school and the need of the Bible in both home and school.

Music was furnished by the orchestra under the direction of Mr. W. R. Savers.

A pleasing part of the program was a one-act original play by Miss Warner of the Home Economics department. The girls who took part wore the dresses and hats which they had made in the sewing class.

Devotionals at the opening of the meeting were conducted by the Rev. Mr. Moyer. The program closed with the solo 'A Perfect Day,' which was beautifully rendered by Celeste Hawker of the Senior Class. The company then adjourned to the high school, where the girls of the home economics class served cake and hot chocolate.

A BIBLE IN EVERY HOME

The Xenia Gazette and Republican

Bible Distribution

Following the most distressing period of unrest the world has ever known, comes a world-wide revival of Bible reading, which must tend to ameliorate the unrestful conditions of mankind. To encourage such an end, leading news- papers throughout this country have joined forces to promote the distribution of the great Book of Books, and have adopted a plan that should readily place the Bible in the hands of every reader. Two exclusive editions have been chosen for this purpose—first, the famous large print Red Letter Bible, illustrated herein, and a beautiful plain print, medium large type edition that will be distributed for a nominal sum.

The Question of the Universe

This Bible—this miraculous Bible—this Book of All Books—luminous with the light that dwelleth not on land or sea—this noblest and most beautiful Thing in all the world—what is it—whence cometh it—what means it?

It has made and unmade Nations. It has up- rooted Kingdoms and Empires. It has di- verted the mighty tides of History. It has crumpled ancient Faiths and Superstitions. Because of it fell Pagan Rome. The antique Systems of India and the Far East have bowed their heads to its enlightened sway.

China and the Orient now first awoken from their sleep of thrice a thousand years, and follow their sister nations of the Occident— whose feet are guided by one sole lamp—the sacred flame of which was kindled by the inspired Hebrew Prophets, and fed for all time by the Lord and Master of the Golden Rule.

Only ignorance scoffs at the Bible! The great- est rulers—the greatest statesmen—the greatest scholars—writers—orators—scien- tists—soldiers—and the untold millions of the Common People, whose collective gen- ius outweighs them all—have thrilled to its Divine Wisdom.

Its lyrics of unfathomable tenderness—its ora- tions of compelling potency—its contempla- tive prose of preternatural grandeur—have never been equalled. Its emotional depths and its intellectual heights make it it the one and only Book of Books, vouchsafed for the guidance of mankind throughout the ages.

PROMINENT GREENE COUNTY FARMER IS DEAD AT HIS HOME

Horace M. Snook, 64, prominent Greene County farmer, died at his residence on the Springfield pike, near Fairfield, Saturday afternoon at 3:20 o'clock. Death was caused by pneumonia, with which Mr. Snook

HORACE M. SNOOK

was stricken several days ago.

Mr. Snook took an active part in the affairs of both his county and community. He was chairman of the Bath Township Farm Bureau organization, and a member of the Executive Committee of the Greene County Farm Bureau, and had been prominently identified with both Grange and Farm Bureau work for many years. With the exception of one year, he has been on the County Executive Committee since the local Farm Bureau's inception in 1918.

Mr. Snook had been treasurer of Fairfield Valley Grange, No. 2011, for the last year. He resided in Greene County, at his late location for about eight years, having previously lived 53 years near Lebanon, Warren County.

He is survived by one daughter, Mrs. Edna M. Kuriger, and her husband, with whom he was living. Mrs. Snook preceded him in death nine years ago.

Funeral services will be held at the Reformed Church in Fairfield, Tuesday morning at 10 o'clock, and at 1:30 in the afternoon at the cemetery chapel in Lebanon. Burial will be in the Lebanon cemetery.

VOICE AMAZEMENT THAT VOTES CAST AGAINST PROPOSAL

City commissioners were interested Thursday night in the report of City Auditor T. H. Zell on the result of the vote on the proposed amendment to the city charter, which carried at the recent election.

The report showed 1,637 people voted for the amendment while 1,071 cast their votes against it. Commissioners were surprised that anyone should vote against the amendment, which actually means only a possible saving to the city of considerable money at election time through the elimination of useless expense.

The amendment will eliminate the holding of city primaries to nominate candidates for the City Commission, when the number of candidates filing papers are not more than twice the number of candidates to be elected at the regular election following. Had the amendment been in effect at the last primary, it would have saved the taxpayers about \$1,000 commissioners estimate.

"The vote against the proposed amendment is a sad commentary on the voting ability of the people," said one commissioner. "One would have thought the amendment would have been popular as a money-saving change, and would have carried without a dissenting vote. An analysis of the vote after the election, shows some Xenia precincts actually defeated the measure and it is believed the vote against it was cast by people who neglected to even study the purposes of the proposed change and cast their ballots in the negative in a mistaken idea of what they thought was 'the safe thing to do.'"

KIDDIES LEND AID TO DRIVE OF RED CROSS

A crippled little boy counting pennies with his toes to give to the Red Cross.

A little school girl organizing her classmates and collecting their contribution for the same purpose.

They both are grateful to the Red Cross because they were personally helped by it.

The boy had been helped in one of the clinics for crippled children conducted by the Greene County Chapter. The Red Cross nurse had given the afflicted little fellow aid.

The girl had been made healthier and happier because her tonsils were removed in the free clinic conducted by the Red Cross, last June.

"To the Greatest Mother in the World," was addressed a communication from a distant part of the county. The postoffice delivered it to the Red Cross. It contained a dollar membership.

"So far it has been difficult to get

canvassers to report their results," said an official of the Greene County chapter. All results so far are favorable to reaching the goal for the county, \$4000. We received the membership of Senator S. D. Fess recently. The youngest member in Greene County reported so far is a three-year-old girl near Xenia, who is extremely proud of her Red Cross button."

DAVIS TO RUN

Sherrodsville, O., Nov. 26.—Former Governor Harry L. Davis will seek the Republican nomination next summer for governor, according to J. R. Smunt of Cuyahoga county, who accompanied Davis on a rabbit hunt in his vicinity.

ROADHOUSES CLOSED

Cincinnati, Nov. 26.—Orders involving sale or possession of liquor were issued by Federal Judge Hickenlooper against five roadhouses around Cincinnati, against which "padlock" proceedings were filed last week.

AUTO CLUB PLANS MEMBERSHIP DRIVE

With the radiator emblems now on hand, the Greene County Automobile Club is preparing for an active drive for membership, it was announced at the offices of the association, Main and Whiteman streets, Monday.

An active campaign to enroll membership in the club, has been delayed pending the arrival of the emblems.

Members who have already joined the organization and who have been waiting for their emblems may obtain them at the club offices now, according to C. H. Little, membership director. Automobile owners who wish to join the club may apply now to either Mr. Little or Oliver Belden, secretary, either at the club offices or personally.

TO CONFER DEGREE ON CANDIDATES

The third degree will be conferred on a large class of candidates from Xenia Lodge and Buckeye Lodge of Dayton at special ceremonies to be held by Xenia Lodge, No. 52, Independent Order of Odd Fellows next Tuesday evening.

Besides the candidates a large delegation of Dayton Odd Fellows and visitors from other cities are expected. Following the exemplification of the degree work, Xenia Lodge will serve refreshments for those attending.

ELECTRICIAN LOSES LIFE

BARBERS DEFEATED BY SPRINGFIELD 11 SECOND TIME 32-0

BY L. J. WONES

The K.A.A. football team was defeated by the crack Springfield Bulldogs, at Crabb field, Springfield, Sunday afternoon, 32 to 0.

The barbers were outwitted and outplayed. The Bulldogs presented a heavy team sprinkled with a few college stars, including Howell and Bruce who were hard to stop. The winners made 11 first downs while the locals made but four. Numerous penalties were inflicted on the "K.A." outfit and at one stage of the fracas Coach Rachford ordered his team from the field but things were finally smoothed over and the conflict proceeded.

The Bulldogs scored once in the first quarter. Howell making the play and a pass, Nettis to Williams counted the second tally. At the start of the third quarter the barbers outplayed the Springfield bunch and held them for several times, but in the final period the Bulldogs scored three touchdowns.

The K.A.A.'s will hold a meeting at Kaffory's barber shop Monday night at 7:30 o'clock. The barbers close their season next Sunday at Washington Park, with the Dayton All Stars. The lineup and summary:

FORMER GRID STARS ISSUE CHALLENGE TO K 4 A TEAM FOR GAME

A team of veteran independent football players is challenging the right of the Xenia K.A.A. eleven to claim the city championship and is anxious to book a game with the barbers to settle the dispute.

"Toughy" Fuller is back of the movement to get the "old boys" to gether for one last game, and he plans to organize a team that will contain the names of many performers who made football history at Central High and later with such independent teams as the Mercuries, Maroons and American Legion teams.

Fuller proposes to line up "Phil" Buck, "Atlas" Smith, Eddie Thomas, Raymond and "Pete" Horen, Al Houk, Wilson, Fisher, Rickles, Free, Barnett, McCoy, Shroades, Pritchard and any of the former stars who want to play. Manager Fuller would like to hear from the management of the K.A.A. eleven as soon as possible regarding the proposed game.

TITLE HONORS ARE SHARED BY ILLINOIS AND MICHIGAN 11'S

Chicago, Nov. 26.—Michigan and Illinois football teams are sharing the championship honors of the western conference. Neither team suffered a defeat during the season, which closed Saturday.

Chicago with five victories and one defeat landed in third place. Minnesota with two victories, one defeat and a tie wound up in fourth place. The final standing showed three ties, Illinois and Michigan being even for first honors; Iowa and Indiana tying for fifth place, although Iowa had three victories and as many defeats, while Indiana had but two of each. Indiana shared this honor in the conference despite the fact that it scored but 10 points to its opponents' 85. Wisconsin, with a win, three defeats and a tie, nosed out Ohio State and Purdue, which colleges won one each. Northwestern lost all six of its scheduled games.

VENARDS TO MEET WASHINGTON FIVE WEDNESDAY NIGHT

The Jamestown Venards will play the crack Washington C. H. Company M team at Venard hall, Jamestown, on Wednesday night. The game will be handled by Lawrence Rachford, the veteran referee and will get under way at eight o'clock.

The Venards won their opening game of the season when they defeated Baby's Winchester of Xenia last week at Jamestown. The Jamestown bunch will be up against another hard five when it takes floor against the soldier lads. They have been making some of the best teams taste defeat and expect to give the Venards the same dose. But with Kramer and Ferguson at the front positions, Leon Skelly at center and Genger and Yeakley at guards the Venards feel confident they can turn the trick on the visitors.

MOTHER! Clean Child's Bowels with "California Fig Syrup"

Even if cross, feverish, bilious, constipated or full of cold, children love this pleasant taste of "California Fig Syrup." A teaspoonful never fails to clean the liver and bowels.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

DEMPSEY TO QUIT PRIZE FIGHT RING

Los Angeles, Nov. 26.—Jack Dempsey, champion of champions among the heavyweight pugilists, is going to quit the ring after three more fights. He hopes to crown these fights into the next 12 months and to be ready to retire undefeated on Jan. 1, 1925. Once actively out of the game, Dempsey says he never will return. As a guaranty against such temptation he plans to marry, settle in Los Angeles and go into the real estate business with his manager and partner, Jack Kearns.

Dempsey has withdrawn his pledge never to box Willis and the New Orleans Panther is to get his chance at the title as quickly as the articles can be signed. Luis Firpo, South American heavyweight, who lost to Dempsey in two rounds only after one of the most sensational battles in the history of the fight game, is to be taken on again about July 4. Then Tommy Gibbons is to get his second shot at Dempsey. The champion hopes to polish off all three challengers with dispatch and to step down and off the throne for keeps.

OSBORN INDIANS DEFEAT The West Alexandria Ex-Hi eleven at West Alex Sunday 7 to 0. The break in the game came in the third quarter when B. Reese broke through and blocked a punt which rolled behind the goal line where Harvey Reese recovered it for the only score of the game.

Home-made, but Has No Equal For Coughs

Makes a family supply of really dependable cough medicine. Easily prepared, and saves about \$2.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficulty breathing, or if your child wakes up during the night with croup and you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing. Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

DUE TO SLOW MOVIES

New pictures made it possible for the Yale football team to win the "big three" championship. Tad Jones, coach, admitted this, revealing for the first time that throughout the season "movies" were taken of the players in practice, the films immediately developed and the men shown their faults on the screen.

"Sing a Song of Six Rooms-- Pocket Full of Rent"

That's the way the old rhyme goes now—maybe instead of calling it a Mother Goose rhyme, you'd call it a Mother Gazette-Republican one.

Anyhow—

Mrs. Frank Bath, Livsey Apartments, "sang a song of six rooms" in the Gazette-Republican's "Apartments And Flats" columns the other day—and now she has the first month's rent.

Mrs. Bath's ad ran for three days but the apartment was rented after the first insertion of the ad.

When you have rooms or an apartment to rent, remember what Mrs. Bath's Gazette-Republican ad did—

Then ask for an ad-taker after calling 111.

FREDERICK WARDE TO APPEAR HERE IN LECTURE COURSE

Many years ago Frederick Warde, eminent tragedian, performed at the old Xenia Opera House.

Tuesday evening he will return to Xenia for his first appearance since that time when he delivered his lecture, "Fifty Years of Make Believe," in the Jean B. Elwell Auditorium of Central High School as the second number on the Lyceum course being given by the schools.

Several years ago when Mr. Warde was playing the leading role in Stephen McGroarty's classic, the California Mission Play, at San Gabriel, with which R. Hayes Hamilton, of this city, is connected as lecturer, he told Mr. Hamilton he remembered Xenia as the city in which the steam railroad ran up the main street.

For more than 50 years Mr. Warde has been an actor in England and the United States, in standard and classic drama. Many of his contemporaries were foremost actors on the English-speaking stage, including such historic names as Charlotte Cushman, Adelaide Neilson, Edwin Booth, Henry Irving, John McCullough, Lawrence Barrett, Louis James and others. During the last three years Mr. Warde has given his time to the role of "Junipero Serra" in the Mission Play and to his lecture and literary work.

In addition to his talk on "Fifty Years of Make Believe," on which Mr. Warde has also written a book, he will talk on "The Actors of Shakespeare." He is considered a foremost authority on Shakespeare and is rich in memories of the stage, being known as the "Grand Old Man of the Footlights," typifying the highest ideals of the stage and the drama.

The lecture is scheduled to begin at eight o'clock Tuesday evening and tickets are now on sale. The proceeds from the lecture course will be used to equip the stage of the school auditorium.

TAX COLLECTION TO BEGIN DECEMBER 10

Collection of taxes in towns outside of Xenia for the convenience of taxpayers in those districts, will begin December 10 at Cedarville, according to announcement of County Treasurer F. A. Jackson.

Taxpayers who wish to take advantage of the opportunity to make their December tax settlements, while the collectors are in their own neighborhood, and thus avoid the necessity of coming to the county seat, should cut out the following schedule and keep it. Either County Treasurer Jackson or his deputy, Louis Reinwald, will make the collections.

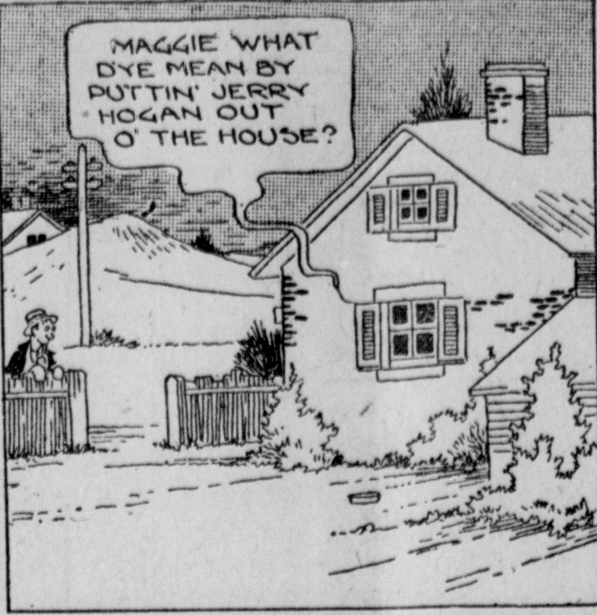

December 10, Cedarville, at Exchange Bank.
December 11, Yellow Springs, at Miami Deposit Bank.
December 12, Bowersville, at Bowersville Bank.
December 13, Jamestown, at Squire Fulton's office, township hall.
December 14, Osborn, at First National Bank.

In spite of delays in preparing tax receipts due to the fact the office had to wait until after election for several of the books, unusual haste has been made in preparing for the December collection period, it is said. Many taxpayers are already fulfilling their tax obligations.

PLANS FOR THREE NEW BUILDINGS AT WILBERFORCE MADE

Plans for three new buildings to be added to the state department's property at Wilberforce University were submitted by S. L. Hellepeter, state architect, and accepted by the trustees of the Combined Normal and Industrial Department of the institution at a meeting Friday, it is announced.

The plans for the proposed new properties, include specifications for a domestic science building to be erected at a cost of \$32,000, a new laundry building to cost \$10,000 and a new dairy barn, to cost \$5,000. Slight changes were recommended by the trustees before the plans were accepted and approved, and it is expected that work on the buildings will start as soon as the contract can be let.

Richard C. Bundy, new superintendent of the department, whose appointment as financial officer has been confirmed by the board of control, presented an interesting report at the meeting and made a number of recommendations for improvements. Members of the board expressed themselves as pleased with the work of the new superintendent. Reports say the meeting was one of the most harmonious sessions of the board held in a number of years.

Members present were Sully Jaymes, Springfield, chairman; Bishop H. Jones, Wilberforce; Dr. Charles Bundy, Youngstown; Dr. Joseph L. Johnson, Columbus, recently appointed by Governor Donahay; the Rev. B. F. McWilliams, Toledo and T. Howard Winters, of the State Department of Education. President J. A. Gregg was not present, having been called to New York City in the interests of the university.

REFUSE TO ACCEPT PAPER MARKS

Berlin, Nov. 26.—To buy anything for paper marks here you must first get a policeman to force the storekeeper to accept them. The policeman may refuse, in which case you can complain to headquarters. Stores throughout Germany, especially those dealing in coffee, tea, chocolate, eggs, butter and cheese and similar staples, refuse to sell except for foreign or gold value currency. Many storekeepers snatch back their goods if payment is offered in paper money.

TWO LETTERS

Chapter 23
"My dear Cynthia," Lee wrote, "I'm coming home tomorrow. Shall I say it is you—or business, that is responsible for my coming? I suppose you can guess. Our senseless quarrels always end the same way. My head is bowed and my heart is contrite!"

He wrote on carefully, pausing now and then to choose just the right word. Finally he sealed the letter in the envelope and addressed it.

Then he stood up with a look of relief and glanced across the room to Jim, who had fallen asleep in a chair by the open fire and was emitting hoarse, guttural snores into the otherwise peaceful silence.

"Hey, You!" Lee called picking up a magazine from the table and slinging at the guide's nodding head. "Wake up and be sociable! I'm damned lonely and need entertaining."

Jim's head jerked back with a start, and a half dozen deep staccato grunts issued from his drooping mouth. He opened his eyes wonderingly and closed his grizzled mouth with a guilty snap.

"Damn!—eh what! What's the matter?" Jim jerked out questioning, rubbing the back of his rough hand across his sleepy eyes.

Lee laughed heartily, and going over picked up the magazine which had missed Jim's head by a hair's breadth.

"You're worse than a saw mill. Cut the racket and let's have some dinner," he demanded.

Jim looked into Lee's face and studied it for a second.

"Anything wrong?" he demanded. "Only I've decided to go back tomorrow," Lee informed, turning his face away and looking into the log fire.

Jim's eyes followed Lee's gaze but he did not answer. Lee's daily walks alone in the woods, and his silent, preoccupied manner, had not passed the guide's keen notice. He had been

doing some thinking himself, and had been able to draw his own conclusions for Lee's actions.

"Got to go, eh boy?" he asked musingly. "You ain't rested up yet. Only been here about two weeks."

"Business, old scout. Got to go back and tend to business," Lee tried to explain.

Jim wondered, but he said nothing.

He got up and prepared the dinner but his thoughts were troubled.

During the rest of the evening Lee was gay. He joked and laughed with a levity which was too loud to be spontaneous. It made Jim sad and he longed to pierce beneath the surface of the boy's mood. Always before, Lee had been silent and unhappy at the thought of going back. Jim was sure there must be some reason, other than business, back of his plans for a sudden departure and his apparent gayness over leaving. Finally an awkward silence dropped between them.

"I have some letters to write and I'd

Eat Kellogg's Bran regularly to get permanent relief from constipation!

Freedom from constipation, mild or chronic, can be surely looked for if you will eat Kellogg's Bran every day! Two tablespoonfuls are sufficient; for severe cases with each meal.

Kellogg's Bran is nature's most wonderful food awaiting a chance to bring back your health. Kellogg's Bran is scientifically prepared to relieve suffering humanity from constipation and it will do that.

Being cooked and crumbled, Kellogg's Bran is delicious in its nut-like flavor. It should not be confused with common bran which is unpalatable and hard to eat. Kellogg's Bran adds greatly to the pleasure of eating other hot or cold cereals. A popular way to serve Kellogg's Bran is to cook it with hot cereals. In preparation, add two tablespoonfuls

of Bran for each person, mixing it with the cereal to be cooked.

Kellogg's Bran is especially delicious in raisin bread, muffins, pancakes, macaroons, etc. Recipes appear on each package.

Realize what Kellogg's Bran is doing for constipation sufferers all over the nation, then just think what it can do for you and yours. The horrors to come should guide you to eat bran regularly, to serve it in some form each day.

You can drive constipation out of your family with Kellogg's Bran—and remove the cause of 90% of human illness! First-class hotels and clubs serve Kellogg's Bran in individual packages. Ask for it at your restaurant. All grocers.

UNION SERVICES ON THANKSGIVING AT BAPTIST CHURCH

Thanksgiving union services will be held at the First Baptist Church, on Thanksgiving morning at ten o'clock, with a sermon by the Rev. C. P. Proudfoot, of the Second United Presbyterian Church.

The Thanksgiving offering will be given to the Social Service League, as in former years, since that organization dispenses relief and cheer not only at Thanksgiving time, but throughout the year. "Be generous with those less fortunate than yourself," is the motto Mrs. J. R. Robertson, executive secretary of the League, hopes Xenians will adopt for the holiday season.
